*A Breath of Freedom* Jorge Klapproth, 2022-05-12 Across Europe on two wheels. It's a dream, a breath of freedom. This indescribable feeling of being alive takes hold of you, especially when you are at one with the elements of nature. Jorge Klapproth fulfils a long cherished dream and tours Europe on his motorbike. The first leg of this journey leads from western Germany to the northernmost point of Europe, the North Cape in Norway. From there, the second leg leads to the southern tip of the continent to Cape Tripiti on the small Greek island of Gavdos. The third stage then goes along the Adriatic Sea, over the Alps, back home. A great tour that takes the author as a solo traveller over 13,000 kilometres and through 23 countries in Europe. He reports about countless encounters, experiences, and valuable lessons learned in this exciting motorbike travelogue, from the idea to the planning to the implementation, in the midst of the worldwide pandemic.

**The Content Trap** Bharat Anand, 2016-10-18 My favorite book of the year. Doug McMillon, CEO of Wal-Mart Stores, Harvard Business School Professor of Strategy, Bharat Anand, presents an incisive new approach to digital transformation that favors fostering connectivity over focusing exclusively on content. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG. Companies everywhere face two major challenges today: getting noticed and getting paid. To confront these obstacles, Bharat Anand examines a range of businesses around the world, from The New York Times to The Economist, from Chinese Internet giant Tencent to Scandinavian digital trailblazer Schibsted, and from talent management to the future of education. Drawing on these stories and on the latest research in economics, strategy, and marketing, this refreshingly engaging book reveals important lessons, smashes celebrated myths, and reorients strategy. Success for flourishing companies comes not from making the best content but from recognizing how content enables customers; connectivity it comes not from protecting the value of content at all costs but from unearthing related opportunities close by; and it comes not from mimicking competitors' best practices but from seeing choices as part of a connected whole. Digital change means that everyone today can reach and interact with others directly. We are all in the content business. But that comes with risks that Bharat Anand teaches us how to recognize and navigate. Filled with conversations with key players and in-depth dispatches from the front lines of digital change, *The Content Trap* is an essential new playbook for navigating the

turbulent waters in which we find ourselves Praise for The Content Trap A masterful and thought provoking book that has reshaped my understanding of content in the digital landscape Ariel Emanuel co CEO WME IMG The Content Trap is a book filled with stories of businesses from music companies to magazine publishers that missed connections and could never escape the narrow views that had brought them past success But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans The book is a call to clear thinking and reassessing why things are the way they are The Wall Street Journal

responses tend in turn to increase the importance of group membership and promote intergroup differentiation and polarization a process which is often accompanied by more pronounced and more extreme religious and ideological beliefs The book also describes the role of cultural values and social climate in processes of radicalization as well as the role of personality factors and demographics such as age and marital status As for violent terrorist action itself this final most radical stage is elicited by a number of group factors such as groupthink isolation and leadership Certain cognitive mechanisms for example dehumanizing the target and attributing responsibility elsewhere can also provide excuses for violence The book explores why some groups turn to violence and others don t and it addresses processes of disengagement deradicalization programs and other methods used to inhibit the spread of radicalization and terrorism The Psychology of Radicalization and Terrorism takes a unique and systematic approach to a vital topic integrating knowledge from diverse literatures and using social psychology as a basis for comprehending human behaviour It will be essential reading for students and researchers from all disciplines seeking a greater understanding of terrorism and violent political conflict in all its forms     Aero Digest ,1950     **Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World** Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,1905     *Dive Training* ,1998     **Arts & Humanities Citation Index** ,1980
