This book is intended to be a practical guide with chapters on each of the primary instruments in the rhythm section: bass, drums, piano, and guitar. Key topics include equipment and setup issues from drum heads to bass amps to guitar pickups to mic'ing a piano on stage. Each instrument presents unique equipment issues that the director must face. Performance practice including tips on constructing walking bass lines, learning voicings and comping rhythms, and creating drummer's setup fills. Additionally, there is a chapter on the rhythm section itself that details all of the interrelationships, suggestions for count-offs, and metronome exercises that will help improve your band. The Jazz Rhythm Section is intended for novice directors, but directors of all levels will benefit as well.
