crochet types and patterns out there more keep coming every time and who says that you can't even invent one. It all boils down to your creative abilities. Crocheting can really be a daunting task; you have to sit for many hours trying to figure out a pattern or how to go about a freestyle crochet. You make mistakes and you have to frog your project and start all over again. Your crochet piece when done is really different from the one you are trying to make and so many other challenges. You should not worry because this book aims to help you among other things to learn different types of crochet. Have basic knowledge of crochet jargon and interpret patterns. Have a good knowledge of crochet instructions so you can know how to go about crochet patterns. Know how to go about basic crochet stitches. Know how to handle left-handed and right-handed crochet. Get familiar with common errors in crochet and how to avoid and also correct them. The aim of this book is that beginner crocheters master the art of crochet so we have taken out time to explain the stitches and also add images for you to visualize what is being explained. Even if you have never used a crochet hook in your life, you can learn to make some basic stitches in a few hours of reading this book and following the instructions. What is more? You can make your own shawl in a few days of practicing. To get started, order this book now.
