Implementing and Analyzing Performance Assessments in Teacher Education Joyce E. Many,Ruchi Bhatnagar,2017-12-01 Teacher education has long relied on locally developed assessments that lack reliability and validity Rigorous performance based assessments for preservice teachers have been advanced as one possible way to ensure that all students receive instruction from a high quality teacher Recently performance based assessments have been developed which focus on the application of knowledge of teaching and learning in a classroom setting Our book explores factors related to the implementation of teacher performance assessments in varying state and institutional contexts The

contributors teacher educators from across the country focus on what was learned from inquiries conducted using diverse methodologies quantitative qualitative self studies and mixed methods Their research encompassed faculty supervisors cooperating teachers and students perceptions and concerns of teacher performance assessments case studies of curricular reform and or resistance analyses of experiences and needs as a result of the adoption of such assessments and examinations of the results of program alignment and reform The chapters showcase experiences which occurred during high stakes situations in implementation periods prior to high stakes adoption and in contexts where programs adopted performance assessments as an institutional policy rather than as a result of a state wide mandate Endorsements The chapters compiled for Implementing and Analyzing Performance Assessments in Teacher Education edited by Joyce E Many and Ruchi Bhatnagar present a thoughtful look at the challenges and solutions embedded in the adoption of teacher performance assessments for preservice teachers Most chapters feature edTPA the most commonly used performance assessment now mandated in numerous states and used voluntarily by other programs across the country and reveal how such assessments shine a bright light on the problems of practice in teacher preparation stressful timelines faculty silos communication with P 12 partners etc when new requirements disrupt the status quo Each chapter tells a valuable story of performance assessment implementation and approaches that offset compliance in favor of inquiry and educative experiences for candidates and programs alike Andrea Whittaker Ph D edTPA National Director Stanford University Graduate School of Education UL SCALE Many and Bhatnagar launch the AAPE book series with a curated volume highlighting the contexts in which teacher educators implement and utilize performance assessments in educator preparation Together the chapters present research from various viewpoints from candidates faculty university supervisors and clinical partners using diverse methodologies and approaches The volume contributes significantly to the program assessment research landscape by providing examples of how performance assessments inform preparation at the intersection of praxis and research and campus and field These chapters provide a critical foundation for teacher educators eager to leverage performance assessments to improve their programs Diana B Lys EdD Assistant Dean of Educator Preparation and Accreditation School of Education University of North Carolina at Chapel Hill

Supervising Student Teachers Alexander Cuenca, 2013-02-11 The student teaching experience is often considered one of the most influential aspects of teacher preparation Key in the success of student teaching is the university supervisor During the student teaching experience the university supervisor is mainly responsible for helping pre service teachers relate university coursework with the situated experiences in schools However much like the various other spaces and places in teacher education facilitating teacher learning is an incredibly complex endeavor This edited volume addresses the complexities of supervising student teachers from three distinct vantage points First salient issues regarding the supervision of student teachers such as the preparation of novice supervisors negotiating power in the student teaching triad and the low status of clinical teacher education are examined Second different pedagogical

frameworks for the work of supervision are provided such as care theory teacher education for democracy and social justice Finally future directions for field based teacher education are discussed such as a call to reconsider where supervision takes place the necessity to develop a pedagogy of supervision 21st century trends facing clinical teacher education and the value added by university supervisors to teacher development Each of these chapters engage the supervision of student teachers through a mix of research theory and personal stories from the field As such this edited volume is designed for new supervisors veteran supervisors and supervision scholars
