Welcome to a reading experience that's designed to let you and your baby embark on a magical journey of exploration, discovery and fun! Babies develop dramatically from one day to the next, so at the beginning of each book, we have included three unique ways to enrich the learning experience as you read, touch and interact with LITTLETOUCH™ books. These LITTLETOUCH settings provide you with options, so you can choose interactions that will keep your child engaged and continually stimulate development.

Setting 1

Music & Soundscapes

Sparkling musical rhythms and sounds
stimulate early brain development

Infants and newborns display a remarkably high receptivity to music. Research has shown that a baby's brain is fully capable of recognizing key, pitch and tempo. That's why Setting 1 provides baby with a way to explore a variety of stimulating sounds, rhythms and music.

Setting 2

Word Play

Short descriptive phrases

introduce word-object association and build early language skills

Six to twelve months of age is the prime time for baby to begin to recognize words as parts of sentences. Baby begins to babble, and understand the meanings of words. That's why Setting 2 exposes baby to short phrases in the appropriate visual context.

Setting 3

Laugh & Learn

Fun-filled rhymes and early learning

interactions develop preschool readiness

Twelve to twenty-four months of age is a period when word comprehension, word production, and grammar skills increase dramatically, and include abstract ideas like shapes, numbers and colors. That's why Setting 3 is filled with rhymes and early learning concepts that build preschool readiness.
