Hypnosis, Channeling and Raising Consciousness Peter Dennis, 2019-04-15 Peter Dennis is a hypnotist and has done many past life regressions with his clients A few years ago some of Peter's clients while visiting past lives started reporting lives on other planets This prompted Peter to pursue this further and in so doing a number of clients began to channel After five women began Channeling Peter wrote this book detailing some of the concerns inhibitions and fears that these women dealt with as they pursued this adventure After discovering that hypnosis could be a very effective route to Channeling Peter's hypnosis practice is now mainly focused on helping people to become Channelers Peter is not a Channeler but is referred to as a Channeling Facilitator as he helps people to make a Channeling connection strengthen that connection and if the client wishes take that talent to the public More about this can be seen on Peter's website at peterhdennis.com Channeling takes many forms When we get ideas or inspirations chances are that we are Channeling Intuitive flashes can be Channeling Authors songwriters composers inspired speakers all have moments of Channeling This book is not about these more subtle forms of Channeling but rather it's about what might be called Conscious Channeling or Overt Channeling and sometimes Trance Channeling What then is Channeling As you may know our scientists have been telling us that everything at the sub atomic level is composed of a vibrating energy and that everything and everyone has his/her own unique rate of vibration So for Channeling to work the Channeler has to raise his or her vibration and the sender has to lower its vibration so that a match can be made and a connection established Once that connection is established the sender sends a message telepathically and the receiver or Channeler uses his or her brain voice box vocal cords and perhaps some other things to receive and vocalize that information Like a lot of things in our lives these days we don't have to fully understand how something works to benefit from using it and Channeling is much the same We don't have to understand the Physics of Channeling in order to figure out if the content of the channeled messages works for us or not This book is also an

introduction to Spirituality and it offers many messages and explains many metaphysical concepts It is the Author s hope that you will find that these messages expand your thinking raise a number of new questions and bring you more peace
