Do's

Specify Green should only ever sit on white, black, or a non-distorted photograph.

Specify Green will mostly exist in the app. If it ever appears in a brand communication, it should be the only brand colour in that communication.

Don'ts

Specify Green should *never* be used as or with a colour from the brand palette, or a distorted image.

If, for example, you have the Logo in the Specify Green and you wish to use a distorted photo, simply change the Logo colour to one of the brand palette colours.
