**Enduring Church Growth** Philip Huan,2011 Building a Contagious Church Mark Mittelberg,Bill Hybels,2000

**Rethinking the Church** James Emery White,2003-07-01 Why is it important to rethink the church Today many leaders focus on how their ministries can be run more efficiently But the foundational question according to James Emery White should be Why do we have this ministry and then Why do we do this ministry the way we do Is it effective Rethinking the Church helps pastors and lay leaders work through questions that must be answered if a church is to rethink evangelism discipleship ministry worship community and the structure of the church Break old molds check assumptions and be sensitive says White He uses the language and aims of seeker targeted churches but urges readers not to tie themselves to any model without understanding the individual purpose of their church Now thoroughly revised and expanded Rethinking the Church contains more emphasis and key material on how to move from rethinking to transition White blends biblical reflection and hands on experience and uses the early church as described in the Book of Acts as the ultimate example

*Simple Discipleship* Dana Allin,2019-01-08 A Clear and Personalized Path for Discipleship Discipleship can feel like a meandering journey we don t know what we want and none of the programs offered seem to get us anywhere We need something to orient ourselves and something to direct our steps toward a clear destination Simple Discipleship with its companion assessment tool offers a plan for discipleship that is tailored to your real life and your personality and clearly pointed in the way of Jesus Most discipleship resources are designed as mass productions efficient for touching many but often failing to see individuals grow in Christ This is the best of both worlds an assessment tool for your entire church combined with an achievable personalized discipling strategy The Haves and Have-Nots John F. Green,2017-04-26 The significance of Dr John Greens book entitled The Haves and The Have nots Guidelines for Leading Congregational Change

and Economically Empowering Poor Communities rests in his concern about the economically poor communities in which black churches find themselves and thus carry out their ministries. It is an intriguing practical and theological exploration with the major goal of the narrative to present models of ministry grounded in sound biblical theology and supported by theologians and practitioners familiar with local church outreach strategies and who have chronicled their experiences about churches doing ministry among the economically disadvantaged. The importance of Dr. Green's book rests in the question of whether or not African American churches will be able to rise above their middle class status in order to reach out to the poorer communities surrounding their churches. The book presents leadership strategies that will enable pastors as well as the leadership in local churches to begin to engage in congregational change. Presenting leadership strategies for overcoming the status anxiety that hinders outreach of local black churches to the community is the goal of this well-written book. Edward P. Wimberly, Jarena Lee Professor, Pastoral Care and Counseling, Interdenominational Theological Center.

**You Only Have to Die** Rev. Dr. James A. Harnish, James A. Harnish, 2010-09-01. A moving testimony to how a church can experience rebirth by discerning its core mission. The key to becoming a Spirit-energized people loving life-giving community transforming congregation, says James A. Harnish, is really very simple. All you have to do is be willing to die. This ebook describes how God calls each congregation to a specific mission, how God grants discernment to understand what that mission is, and how God enables the congregation to die to its entrenched attitudes and behaviors in order to be resurrected to a new life of ministry and witness.

Leadership Ronald R. Sims, Scott A. Quatro, 2015-01-28. The contributors to this wide-ranging volume seek to define exactly what leadership is or should be and how to effectively develop it. Guided by an unusual framework that looks at leadership across different sectors and functions, they examine what they view as the major leadership challenges in highly visible for-profit, not-for-profit, and government organizations throughout the world. Their insights will prove equally useful as a general survey of leadership problems for executive policy makers and for undergraduate and graduate students in the specific fields examined in the text.

Church, Come Forth Todd Hudnall, 2015-10-02. The majority of American churches are stalled or in decline. *Church, Come Forth* is a strategic model for renewing and revitalizing plateaued and dying churches into prevailing and growing congregations. Todd Hudnall combines biblical insights, church revitalization research, and his experience as a turnaround pastor to provide a guidebook for transformation. It is God's desire to renew His church, and most church leaders will find this plan a Godsend in effectively revitalizing their congregations. Steve Pike, Director of the Church Multiplication Network, says, "Three words came to mind when I read *Church, Come Forth* by Todd Hudnall: Biblical, Practical, Real. Biblical. A book about God's Church would be useless if not filled with wisdom from God's Book. Hudnall carefully makes

the Biblical case for revitalization unpacking scripture after scripture to lay a firm foundation for why and how a drifting church can once again join God on His mission Practical Todd Hudnall is a seasoned and successful practitioner whose walk aligns with his talk His counsel is based on the best research and his actual experience of applying that research As a result Church Come Forth is loaded with great advice that is tried and true Real Todd s honesty about his personal growing pains is refreshing His diverse experience in churches small and large make his counsel relatable to every pastor He writes as a pastor friend writing to a pastor friend Church Come Forth is a must read for every leader of a plateaued or declining church

*Experience Is What You Get Right After You Need It* John M. Check DMin, 2025-07-14 We all make mistakes and most of us make the same mistake several times Learning from our mistakes is a lifelong process Growing is often painful but growing and learning are positive benefits of failure We often learn very little from our successes Instead we learn what will work by trial and error Great leaders learn what works by trying and failing We should embrace failures and ask ourselves difficult questions rather than running away The first and most important question is where did the idea originate Was this a good idea If so why did it fail What was my role in the failure and what could I have done better How did I respond to the failure and what will I do differently next time We must be courageous enough to ask these and other probing questions in the church community or whatever group setting is relevant to the circumstances Finally we must never allow ourselves to be defined by failure recognizing that the ultimate failure is not trying Healthy Leadership for Thriving Organizations

Justin A. Irving, 2023-12-19 Outreach 2025 Resource of the Year Leadership The devastating effects of toxic work environments are top news Everyone seems to understand that healthy organizations nurture flourishing individuals and societies flourishing that Jesus desires for all of us How can Christian business and ministry leaders create a positive organizational culture and identity Justin Irving has spent twenty years studying teaching and reflecting on organizational leadership Drawing wisdom from the Bible contemporary leadership theory and the insights of over two hundred executive leaders Irving provides a theological framework that makes human flourishing the driving motivation for leading organizations well He helps readers invest in their own growth to become leaders who motivate inspire and nurture But he broadens the view to help readers see how different levels of leadership the dynamics and interdependence of teams and of the whole organization work together He then offers practical insights on building teams culture and effective communication and on navigating the storms of crisis and change **Discipleship in Education** Joseph Allotta, 2018-02-08

Students are often tested to evaluate their academic knowledge but few Christian schools use objective measures to determine if a student has become a true disciple of Christ Unfortunately there are few organizations that provide metrics for measuring biblical knowledge let alone any sort of comparative evaluation of students engaging in the Christian disciplines forming a biblical worldview or actually being impacted spiritually by the programs of the school No matter whose statistics one chooses to believe the inescapable truth is that the church is losing its young men and women at an alarming rate once

they graduate from high school The solution to this problem is simple but increasingly difficult to solve with each passing year Discipleship is what is needed for young people to truly identify who they are in Christ so that they can begin to develop godly habits and ultimately grow in their knowledge faith and desire to serve the Lord and his Kingdom Christian schools have some particular advantages in the area of discipleship however their full potential is at the moment untapped Discipleship in Education is about preparing everyone from administrators teachers pastors and parents to be ready to unleash that potential

**Spiritual Intelligence** Alan E. Nelson, 2010-01-01 Western culture has long prized the Intelligence Quotient IQ as a benchmark of a person's mental abilities And since the mid nineties we have known of other forms of intelligence such as emotional and social Now prolific author former pastor and leadership development specialist Alan E Nelson introduces spiritual intelligence a person's ability to assimilate faith into everyday life Churches and individuals are coming to the conclusion that far too many people are active in church their entire lives but never mature going directly from Pampers to Depends How can this be In **Spiritual Intelligence** Nelson will help readers take charge of their spiritual growth by helping them incorporate methods Jesus used in teaching his disciples Readers will assess their own spiritual maturity and learn what steps to take next in their journey of discipleship

**Bringing Heaven to Earth** Josh Ross, Jonathan Stormont, 2015-05-05 You Can Help Bring Heaven to Earth God so loved the world and he still does He values his creation too much to destroy it If you know where to look you can see that the coming of a new heaven and a new earth already has begun Life on earth is renewed every time you live out Jesus's prayer that God's ways will be followed on earth The work of God's Kingdom involves restoring what has been broken This includes people unjust systems relationships anything that has been separated from God and needs to be healed reconciled and set right This is how heaven collides with earth not following fiery destruction but in the power of restoring to life everything that God created What you believe about God's plan for humanity and for his creation determines how you will invest your life God calls all of us to this renewing work You can help bring heaven to earth starting today
