Video provides a powerful way to help you prove your point. When you click Online Video, you can paste the URL of the video you want to use. You can also type a keyword to search for the video to use. If you find a video you like, click the video to insert it into your document. To make a document look professional, Word provides themes, colors, fonts, text boxes, graphics, and other elements. For example, you can add a title, a cover page, a header, and a sidebar. Click Insert and then choose the elements you want from the different galleries.

Themes and styles also help keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts, and SmartArt graphics change to match your new theme. When you apply a style, your text changes to match the new theme.

Saving in Word with a button that show up where you need them. To change the way a picture fits into a document, click and a button for layout options appears next to it. When you work on a table, click the plus sign to add a row or a column, and then click the plus sign.

Reading is easier, too, in the new Reading view. You can collapse parts of the document and focus on the text you want. If you need to stop reading before you reach the end, Word remembers where you left off - even on another device.
