a respected authority What falsehoods enter our collective memory as truths How is one to know what is real and what is imagined or ignored by producers directors or writers Gary Edgerton and Peter Rollins have collected a group of essays that answer these and many other questions The contributors examine the full spectrum of historical genres but also institutions such as the History Channel and production histories of such series as The Jack Benny Show which ran for fifteen years The authors explore the tensions between popular history and professional history and the tendency of some academics to declare the past off limits to nonscholars Several of them point to the tendency for television histories to embed current concerns and priorities within the past as in such popular shows as Quantum Leap and Dr Quinn Medicine Woman The result is an insightful portrayal of the power television possesses to influence our culture Internet Management Jessica Keyes,1999-07-28 Internet Management is an encyclopedia of Internet management know how Over the course of 50 chapters experts provide advice on everything from choosing the right Web database to finding a reliable Web consultant and the implications of using CGI to the pros and cons of using GIF And throughout coverage is supplemented with helpful examples fascinating and instructive case studies and hundreds of illustrations **Television & Cable Factbook** ,2009

Watching Channel One Ann De Vaney,1994-01-01 Channel One an electronic curriculum that was developed primarily to sell products in the marketplace is cablecast daily to approximately twelve thousand public high schools in the United States About one quarter of our public secondary schools have been wired by Whittle Communications a private company for the delivery of this required news program This translates to a captive audience for advertisements of around eight to nine million teens The political economic social and cognitive impact of Channel One will be vast How did school board members and administrators arrive at the decision to include Channel One in their districts What is the form and content of news and advertising on Channel One Do students pay attention to the news To the ads Do students learn from Channel One These questions among others are addressed in this book By employing various forms of discourse analyses critical theory rhetorical analysis structural and post structural readings descriptive case studies and traditional effects studies the authors provide a thorough investigation into Channel One Learn How to Start a Cash Only Medical Practice ,2008 Critiquing the Sitcom Joanne Morreale,2002-12-01 This is the first anthology that examines the TV sitcom in terms of its treatment of gender family class race and ethnic issues The selections range from early shows such as I Remember Mama George Lipsitz s Why Remember Mama The Changing Face of a Woman s Narrative to the more recent Roseanne Kathleen Rowe Karlyn s Roseanne Unruly Woman as a Domestic Goddess The volume also looks unflinchingly at major controversies for example the NAACP boycott of the stereotypical yet wildly popular Amos n Andy and the queer reading of Laverne and Shirley These diverse essays constitute a veritable history of postwar American mores Some are classic some forgotten but all indicate the importance of considering text and subtext social historic industrial in the critical study of television A final chapter by Joanne Morreale bids sitcoms adieu with the cultural spectacle of Seinfeld s last episode **Electronic Media Criticism**

Peter B. Orlik, 2001 Given the prominence of the electronic media in the 21st century it is crucial that both media professionals and consumers know how to decipher and evaluate media content the assumptions on which that content is based and the constraints to which it is subject *Electronic Media Criticism* offers a variety of critical approaches to audio and video discourse Rather than restricting itself to one perspective the book applies key aesthetic sociological philosophical psychological structural and economic principles to arrive at a comprehensive evaluation of both programming and advertising content Maintaining the approach of the original volume this second edition includes updated chapters to reflect the current media world including sample reviews and illustrations material pertaining to new media because the book is process oriented rather than medium oriented Internet referents are interspersed in discussion of the various critical perspectives two additional scripts for critical analysis an episode of *The Simpsons* and an installment of the dark Canadian comedy *The Newsroom* and new exercises for further practice in applying critical procedures Orlik interweaves the insights of industry and academic authorities recognizing that both orientations are essential in the development of a valid and viable critical outlook Written for media students and practitioners all readers of this volume will gain feasible and flexible tools for focused and rational analysis of electronic media products as well as improved understanding of the role and essential ingredients of criticism itself

Hegemonic Mimicry Kyung Hyun Kim, 2021-09-13 In *Hegemonic Mimicry* Kyung Hyun Kim considers the recent global success of Korean popular culture the Korean wave of pop music cinema and television which is also known as hallyu from a transnational and transcultural perspective Using the concept of mimicry to think through hallyu's adaptation of American sensibilities and genres he shows how the commercialization of Korean popular culture has upended the familiar dynamic of major to minor cultural influence enabling hallyu to become a dominant global cultural phenomenon At the same time its worldwide popularity has rendered its Koreanness opaque Kim argues that Korean cultural subjectivity over the past two decades is one steeped in ethnic rather than national identity Explaining how South Korea leaped over the linguistic and cultural walls surrounding a supposedly minor culture to achieve global ascendance Kim positions K pop Korean cinema and television serials and even electronics as transformative acts of reappropriation that have created a hegemonic global ethnic identity
