**History of Electric Cars** Nigel Burton, 2013-06-30 One hundred years ago electric cars were the most popular automobiles in the world. In the late nineteenth century and at the start of the twentieth century they outsold every other type of car. And yet within a couple of decades of the start of the twentieth century the electric car had vanished. Thousands of battery powered cars disappeared from the streets replaced by the internal combustion engine and their place in the history of the automobile was quietly erased. A century later electric cars are making a comeback. Fears over pollution and global warming have forced manufacturers to reconsider the electric concept. *A History of Electric Cars* presents for the first time the full story of electric cars and their hybrid cousins. It examines how and why electric cars failed the first time and why today's car manufacturers must learn the lessons of the past if they are to avoid repeating previous mistakes all over again. The book examines in detail Early vehicles such as the Lohner Porsche petrol electric hybrid of 1901. Key figures in the history of the electric car development such as Henry Ford. Sir Clive Sinclair's plans to build a number of electric vehicles designed to sit alongside the Sinclair C5. The return of the electric technology to vehicles as diverse as the NASA Lunar Rover commuting vehicles and supercars. Future developments in electric cars. For the first time the full story of electric cars and their hybrids are examined. The hidden past of the electric automobile is uncovered and its future developments are discussed. Superbly illustrated with 300 colour photographs many of which are rare and original sketch designs. Nigel Burton has written and lectured on cars and automotive history for more than twenty years.

Eight years later Ford introduced its first factory produced pickup a sturdy half ton job the public loved. During the century that has passed since that first Ford truck chassis the F series has become the best selling truck in the world and the best selling vehicle of any type in America. *Ford Tough: 100 Years of Ford Trucks* tells the entire Ford truck story from the very beginning when Ford got its start in truck production. This book provides the history of the wide array of models Ford has built over the past century including the Model A roadster pick up stylish 81C pickups legendary 1948 F1 Bronco Courier Ranchero and Econoline.
