Forex For Beginners Anna Coulling, *Forex For Beginners* *Forex For Beginners* is the sequel to my first two books *A Three Dimensional Approach to Forex Trading* and *A Complete Guide to Volume Price Analysis* It is your primer to the world of forex It has been written to lay the foundations and provide the framework for getting started in the world of forex in what I believe is the correct way My other books then build on what you will learn here to develop your trading skills and knowledge further Applying what you learn In all my books I try to show you how to apply that knowledge to help you become a more confident trader After all learning is all well and good but if we are not taught how to apply that knowledge in a practical way then it is of little use It is the application of knowledge that empowers one and this is what I have tried to do here and in all my education programs such as *The Complete Forex Trading Program* It s all about risk There are of course many books about forex trading What is different about this book is the focus on those aspects of trading which I believe are fundamental After all there are only two questions we need to answer when considering a position in the market What is the risk on this trade high medium or low What is the financial risk on this trade The first is the hardest question to answer and the book will explain in detail the analysis and approach to answer this question confidently The second question is more straightforward and can be answered provided you understand risk money management and position sizing in relation to your trading capital Again this is covered in detail in the book As the tagline on the front cover says What you need to know to get started and everything in between which really sums up what you will learn What you will discover The book explains everything from the pure mechanics to the trading methodology that I advocate and have used in all my trading and investing for over 25 years *Forex For Beginners* is also dedicated to all those traders who have asked me to write such an introduction based on my knowledge and methodology This book is for you and for every other aspiring forex trader

Beat the Forex Dealer Agustin Silvani, 2009-08-07 The foreign exchange market is often referred to as the Slaughterhouse where novice traders go to get chopped up It is one of egos and money where millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks This palpable excitement has led to the explosion of the retail FX market which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading easy Well I ll let you in on a little secret there is nothing easy about trading currencies If you don t believe me then stop by Warren Buffet s office and ask him how he could lose 850m betting on the dollar or ask George Soros why his short yen bets cost him 600m not once but twice in 1994 What s wrong with these guys don t they read FX books In reality the average client s trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to

anything seen on Wall St The FX market is littered with the remains of day traders and genius systems and to survive in the long run traders have to realize that they are playing a game where the cards are clearly stacked against them Have you ever had your stop hit at a price that turned out to be the low high for the day Bad luck perhaps Maybe What if it happens more than once Do you ever feel like the market is out to get you Well guess what in this Zero Sum game it absolutely is Covering the day to day mechanics of the FX market and the unsavoury dealings going on Beat the Forex Dealer offers traders the market proven trading techniques needed to side step dealer traps and develop winning trading methods Learn from an industry insider the truth behind dirty dealer practices including stop hunting price shading trading against clients and no dealing desk realities Detailing the dealer inspired trading techniques developed by MIGFX Inc consistently ranked among the world s leading currency trading firms the book helps turn average traders into winning traders and in a market with a 90% loss rate winning traders are in fact quite rare More than just a simple manual Beat the Forex Dealer brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters all written in an easy to read style Make no mistake about it there is a lot of money to be made in currency trading you just have to know where to look Sidestepping simple dealer traps is one way of improving your daily p l but it is surely not the only one Successful trading comes down to taking care of the details which means skipping the theoretical stuff and providing only up to date real life examples while sharing the FX trading tips that have proved so profitable over the years By stripping away the theory and getting down to the core of trading you too will find yourself on the way to beating the forex dealer

Forex Trading Laura Sether,2009 Trading forex is completely different from trading other markets With low entry costs 24 hour accessibility global players and high degrees of leverage there are enormous opportunities but also very real potential hazards along the way if you don t know what you re doing Leverage can work both ways you control large positions but small moves in your favor can mean big returns on your investment For these reasons forex trading deserves its own volume devoted entirely to SFO Stocks Futures Options Magazine articles explaining the ins and outs of currency trading Forex traders don t need to follow hundreds of stocks or commodities to get a flavor for the market just the movements of eight major currencies the U S dollar Japanese yen European Union euro British pound Canadian dollar Australian dollar New Zealand dollar and Swiss franc Trading a country s currency is like trading the outlook for the country so it helps to have a bit of fundamental knowledge But it s also a highly technical form of trading This book helps you assess how to best synthesize your forex strategies to make the most of market movements Learn from the top forex trading experts in the world The key to trading currencies is figuring out what central banks will do before they actually make their moves
