The HIPAA Program Reference Handbook Ross A. Leo, 2004-11-29 Management and IT professionals in the healthcare arena face the fear of the unknown they fear that their massive efforts to comply with HIPAA requirements may not be enough because they still do not know how compliance will be tested and measured No one has been able to clearly explain to them the ramifications of HIPAA Until now The HIPAA Program Reference Handbook explains all aspects of HIPAA including system design implementation compliance liability transactions security and privacy focusing on pragmatic action instead of theoretic approaches The book is organized into five parts The first discusses programs and processes covering program design and implementation a review of legislation human dynamics the roles of Chief Privacy and Chief Security Officers and many other foundational issues The Handbook continues by analyzing product policy technology and process standards and what entities need to do to reach compliance It then focuses on HIPAA legal impacts including liability associated with senior management and staff within an organization A section on transactions and interactions discusses the intricacies of the transaction types standards methods and implementations required by HIPAA covering the flow of payments and patient information among healthcare and service providers payers agencies and other organizations The book concludes with a discussion of security and privacy that analyzes human and machine requirements interface issues functions and various aspects of technology required to meet HIPAA mandates *Hipaa Training and Certification* Axzo Press, 2008-09 This course covers HIPAA rules relevant to different job roles and the steps needed to implement those rules Interested students might come from health care IT or legal industries This course will also help students prepare for any of several available HIPAA certifications Those aiming for certification should also read all the HIPAA rules *HIPAA Certification Training Official Guide: CHPSE, CHSE, CHPE* Supremus Group LLC, 2014-05-26 *The Definitive Guide to Complying with the HIPAA/HITECH Privacy and Security Rules* John J. Trinckes, Jr., 2012-12-03 The Definitive Guide to Complying with the HIPAA HITECH Privacy and Security Rules is a comprehensive manual to ensuring compliance with the implementation standards of the Privacy and Security Rules of HIPAA and provides recommendations based on other related regulations and industry best practices The book is designed to assist you in reviewing the accessibility of electronic protected health information EPHI to make certain that it is not altered or destroyed in an unauthorized manner and that it is available as needed only by authorized individuals for authorized use It can also help those entities that may not be covered by HIPAA regulations but want to assure their customers they are doing their due diligence to protect their personal and private information Since HIPAA HITECH rules generally apply to covered entities business associates and their subcontractors these rules may soon become de facto standards for all companies to follow Even if you aren't required to comply at this time you may soon fall within the HIPAA HITECH purview So it is best to move your procedures in the right direction now The book covers administrative physical and technical safeguards organizational requirements and policies

procedures and documentation requirements It provides sample documents and directions on using the policies and procedures to establish proof of compliance This is critical to help prepare entities for a HIPAA assessment or in the event of an HHS audit Chief information officers and security officers who master the principles in this book can be confident they have taken the proper steps to protect their clients information and strengthen their security posture This can provide a strategic advantage to their organization demonstrating to clients that they not only care about their health and well being but are also vigilant about protecting their clients privacy
