MY BEST FRIEND

ENGLISH VERSION

HOLY SPIRIT,  
MY BEST FRIEND

"I've been in my classroom  
only for a short time now,  
but I can tell you how  
much I love my  
job! And you can be too!  
Go to your heart, it is  
at your feet, able to share  
its name freely. I know,  
you will, for I have seen it  
and made it. Make Spirit  
your best friend forever."

How does a parser a device that imposes an analysis on a string of symbols so that they can be interpreted work More specifically how does the parser in the human cognitive mechanism operate Using a wide range of empirical data concerning human natural language processing Bradley Pritchett demonstrates that parsing performance depends on grammatical competence not as many have thought on perception computation or semantics Pritchett critiques the major performance based parsing models to argue that the principles of grammar drive the parser the parser furthermore is the apparatus that tries to enforce the conditions of the grammar at every point in the processing of a sentence In comparing garden path phenomena those instances when the parser fails on the first reading of a sentence and must reanalyze it with occasions when the parser successfully functions the first time around Pritchett makes a convincing case for a grammar derived parsing theory      The History of My Friends, Or, Home Life with Animals Emile Achard,1875      *Japhet in Search of a Father* Frederick Marryat,1887      *A Dictionary of the English Language* Noah Webster,1832      *The Strand Magazine* Sir George Newnes,1893
