Abstract—Background: MeSH indexing is the task of assigning relevant MeSH terms based on a manual reading of scholarly publications by human indexers. The task is highly important for improving literature retrieval and many other scientific investigations in biomedical research. Unfortunately, given its manual nature, the process of MeSH indexing is both time-consuming (new articles are not immediately indexed until 2 or 3 months later) and costly (approximately ten dollars per article). In response, automatic indexing by computers has been previously proposed and attempted but remains challenging. In order to advance the state of the art in automatic MeSH indexing, a community-wide shared task called BioASQ was recently organized.

Index Terms—Multilayer sheet, Aorticaneurysm, Blood flow, Pressure, WSS

I. BACKGROUND

The rapid growth of scholar publications in biomedicine makes the search of relevant information in literature increasingly more difficult, even for specialists [1], [2]. To date, PubMed—the U.S. National Library of Medicine (NLM) premier bibliographic database—contains over 24 million articles from over 5,600 biomedical journals with more than a million records added each year. To facilitate searching these articles in PubMed, a controlled vocabulary called Medical Subject Headings (MeSH)² was created and updated annually by the NLM since 1960s. Currently, MeSH 2015 consists of over 27,000 terms representing a wide spectrum of key biomedical concepts (e.g., Humans, Parkinson Disease) in a hierarchical structure. MeSH terms are primarily used to index articles in PubMed for improving literature retrieval: The practice of manually assigning relevant MeSH terms to new publications in PubMed by the NLM human indexers is known as MeSH indexing [3]. Assigned MeSH terms can then be used implicitly (e.g., automatic query expansion using MeSH) or explicitly in PubMed searches [4]. Compared with the commonly used keyword-based PubMed searches, MeSH indexing allows for semantic searching (using the relationship between the subject headings) and searching against concepts not necessarily present in the PubMed abstract.

In addition to its use in PubMed, MeSH indexing results have also been used creatively in many other scientific investigation areas, including information retrieval, text mining, citation analysis, education, and traditional bioinformatics research (see Figure 1). When applied to information retrieval, MeSH and its indexing results have been used to build “tag clouds” for improving the visualization of search results [5], [6] and to help distinguish between publication authors with identical names [7], [8]. Another major use of MeSH indexing is in biomedical text mining, where it has been applied to problems such as document summarization [9], document clustering [10], and word sense disambiguation [11]. MeSH indexing also serves several key roles in citation analysis, from identifying emerging research trends [12], [13] to measuring similar journals [14] and characterizing research profiles for an individual researcher, institute or journal [15]. In the era of evidence-based practice, MeSH becomes increasingly important in assessing and training the literature search skills of healthcare professionals [16], [17], as well as in assisting undergraduate education in biological sciences [18]. Finally, much bioinformatics research, such as gene expression data analysis [19], [20], greatly benefits from MeSH indexing [21], [22], [23], [24], [25].

Like many manual annotation projects [26], [27], [28], [29], [30], MeSH indexing is a labour-intensive process. As shown in [3], [31], it can take an average of 2 to 3 months for an article to be manually indexed with relevant MeSH terms after it first enters PubMed. In response, many automated systems for assisting MeSH indexing have been previously proposed. In general, most existing methods are based on the following techniques: i) pattern matching, ii) text classification, iii) k-Nearest Neighbours, iv) learning-to-rank, or v) combination of multiple techniques. Pattern-matching methods [32] search for exact or approximate matches of MeSH terms in free text. Automatic MeSH indexing can also be regarded as a multi-class text classification problem where each MeSH term represents a distinct class label. Thus many multi-label text classification methods have been proposed, such as neural networks [33], Support Vector Machines (SVM) [34], [35], Inductive Logic Programming [36], naive Bayes with optimal training set [37], Stochastic Gradient Descent [38], and meta-learning [39]. While the pattern matching and text

Ieee Electronics And Communication Project Papers Doc:

NBS Monograph United States. National Bureau of Standards,1970 *Spectrum Sharing* Constantinos B. Papadias,Tharmalingam Ratnarajah,Dirk T. M. Slock,2020-04-06 Combines the latest trends in spectrum sharing both from a research and a standards regulation experimental standpoint Written by noted professionals from academia industry and research labs this unique book provides a comprehensive treatment of the principles and architectures for spectrum sharing in order to help with the existing and future spectrum crunch issues It presents readers with the most current standardization trends including CEPT CEE eLSA CBRS MulteFire LTE Unlicensed LTE U LTE WLAN integration with Internet Protocol security tunnel LWIP and LTE Wi Fi aggregation LWA and offers substantial trials and experimental results as well as system level performance evaluation results The book also includes a chapter focusing on spectrum policy reinforcement and another on the economics of spectrum sharing Beginning with the historic form of cognitive radio Spectrum Sharing The Next Frontier in Wireless Networks continues with current standardized forms of spectrum sharing and reviews all of the technical ingredients that may arise in spectrum sharing approaches It also looks at policy and implementation aspects and ponders the future of the field White spaces and data base assisted spectrum sharing are discussed as well as the licensed shared access approach and cooperative communication techniques The book also covers reciprocity based beam forming techniques for spectrum sharing in MIMO networks resource allocation for shared spectrum networks large scale wireless spectrum monitoring and much more Contains all the latest standardization trends such as CEPT ECC eLSA CBRS MulteFire LTE Unlicensed LTE U LTE WLAN integration with Internet Protocol security tunnel LWIP and LTE Wi Fi aggregation LWA Presents a number of emerging technologies for future spectrum sharing collaborative sensing cooperative communication reciprocity based beamforming etc as well as novel spectrum sharing paradigms e g in full duplex and radar systems Includes substantial trials and experimental results as well as system level performance evaluation results Contains a dedicated chapter on spectrum policy reinforcement and one on the economics of spectrum sharing Edited by experts in the field and featuring contributions by respected professionals in the field world wide Spectrum Sharing The Next Frontier in Wireless Networks is highly recommended for graduate students and researchers working in the areas of wireless communications and signal processing engineering It would also benefit radio communications engineers and practitioners *Research and Development in the Computer and Information Sciences: Information acquisition, sensing, and input* Mary Elizabeth Stevens,1970

Research Anthology on Smart Grid and Microgrid Development Management Association, Information Resources,2021-09-24 Smart grid and microgrid technology are growing exponentially as they are adopted throughout the world These new technologies have revolutionized the way electricity is produced delivered and consumed and offer a plethora of benefits as well as the potential for further growth It is critical to examine the current stage of smart grid and microgrid development as well as the direction they are headed as

they continue to expand in order to ensure that cost effective reliable and efficient systems are put in place The Research Anthology on Smart Grid and Microgrid Development is an all encompassing reference source of the latest innovations and trends within smart grid and microgrid development Detailing benefits challenges and opportunities it is a crucial resource to fully understand the current opportunities that smart grids and microgrids present around the world Covering a wide range of topics such as traditional grids future smart grids electrical distribution systems and microgrid integration it is ideal for engineers policymakers systems developers technologists researchers government officials academicians environmental groups regulators utilities specialists industry professionals and students Cognitive Radio-Oriented Wireless Networks

Adrian Kliks,Paweł Kryszkiewicz,Faouzi Bader,Dionysia Triantafyllopoulou,Carlos E. Caicedo,Aydin Sezgin,Nikos Dimitriou,Michał Sybis,2019-08-10 This book constitutes the refereed proceedings of the 14th International Conference on Cognitive Radio Oriented Wireless Networks CROWNCOM 2019 held in Poznan Poland in June 2019 The 30 revised full papers were selected from 48 submissions and present a large scope of research topic also covering IoT in 5G and how cognitive mechanisms shall help leveraging access for numerous devices mmWave and how specific propagation and operation in these bands bring new sharing mechanisms how resource allocation amongst bands including offload mechanisms shall be solved The key focus will be on how rich data analysis can improve the delivery of above defined services **Smart Grid Applications and Developments** Daphne Mah,Peter Hills,Victor O.K. Li,Richard

Balme,2014-07-25 Meeting today s energy and climate challenges require not only technological advancement but also a good understanding of stakeholders perceptions political sensitivity well informed policy analyses and innovative interdisciplinary solutions This book will fill this gap This is an interdisciplinary informative book to provide a holistic and integrated understanding of the technology stakeholder policy interactions of smart grid technologies The unique features of the book include the following a interdisciplinary approach by bringing in the policy dimensions to smart grid technologies b global and Asian perspective and c learning from national case studies This book is organised into five sections Part 1 discusses the historical and conceptual aspects of smart grids Part 2 introduces the technological aspects and showcase the state of the art of the technologies Part 3 explores the policy and governance dimensions by bringing in a stakeholder perspective Part 4 presents a collection of national case studies Part 5 shares insights and lesson learnt and provide policy recommendations This book showcases the state of the art R D developments and policy experiences This book contributes to a better understanding of governance institution and policy challenges and helps formulate policy recommendations for successful smart grid deployment *Advances in Science, Engineering and Technology* Tasneem Ahmed,Shrish Bajpai,Mohammad Faisal,Suman Lata Tripathi,2025-05-23 The objective of the conference was to provide a common platform for innovative academicians and industrial experts working in the fields of sciences engineering and information technology It provided a platform for knowledge exchange and the development of new ideas on the transformative technologies of

quantum computing video analytics Artificial Intelligence and Machine Learning The conference also discussed the significance of cutting edge technologies specifically Machine Learning and its pivotal role in the future of science and industry **Canadian Electronics Engineering** ,1971 *Orthogonal Waveforms and Filter Banks for Future Communication Systems* Markku Renfors,Xavier Mestre,Eleftherios Kofidis,Faouzi Bader,2017-07-14 Orthogonal Waveforms and Filter Banks for Future Communication Systems provides an up to date account of orthogonal filter bank based multicarrier FBMC systems and their applications in modern and future communications highlighting the crucial role that advanced multicarrier waveforms play It is an up to date overview of the theory algorithms design and applications of FBMC systems at both the link and system levels that demonstrates the various gains offered by FBMC over existing transmission schemes via both simulation and test bed experiments Readers will learn the requirements and challenges of advanced waveform design for future communication systems existing FBMC approaches application areas and their implementation In addition the state of the art in PHY and MAC layer solutions based on FBMC techniques including theoretical algorithmic and implementation aspects are explored Presents a unique and up to date source for signal processing communications researchers and practitioners Presents a homogeneous comprehensive presentation of the subject Covers offset QAM based FBMC FBMC OQAM and its variants including its history signal processing interest and potential for maximum spectral efficiency among other features **ECCWS 2020 19th European Conference on Cyber Warfare and Security** Dr Thaddeus Eze,Dr Lee Speakman,Dr Cyril Onwubiko,2020-06-25 These proceedings represent the work of contributors to the 19th European Conference on Cyber Warfare and Security ECCWS 2020 supported by University of Chester UK on 25 26 June 2020 The Conference Co chairs are Dr Thaddeus Eze and Dr Lee Speakman both from University of Chester and the Programme Chair is Dr Cyril Onwubiko from IEEE and Director Cyber Security Intelligence at Research Series Limited ECCWS is a well established event on the academic research calendar and now in its 19th year the key aim remains the opportunity for participants to share ideas and meet The conference was due to be held at University of Chester UK but due to the global Covid 19 pandemic it was moved online to be held as a virtual event The scope of papers will ensure an interesting conference The subjects covered illustrate the wide range of topics that fall into this important and ever growing area of research **Advanced Power Electronics Converters for Future Renewable Energy Systems** Neeraj Priyadarshi,P. Sanjeevikumar,Farooque Azam,C. Bharatiraja,Rajesh Singh,2023-03-31 This book narrates an assessment of numerous advanced power converters employed on primitive phase to enhance the efficiency of power translation pertaining to renewable energy systems It presents the mathematical modelling analysis and control of recent power converters topologies namely AC DC DC DC and DC AC converters Numerous advanced DC DC Converters namely multi input DC DC Converter Cuk SEPIC Zeta and so forth have been assessed mathematically using state space analysis applied with an aim to enhance power efficiency of renewable energy systems The book Explains various power electronics converters for different

types of renewable energy sources Provides a review of the major power conversion topologies in one book Focuses on experimental analysis rather than simulation work Recommends usage of MATLAB PSCAD and PSIM simulation software for detailed analysis Includes DC DC converters with reasonable peculiar power rating This book is aimed at researchers graduate students in electric power engineering power and industrial electronics and renewable energy *Next Generation Wireless Terahertz Communication Networks* Saim Ghafoor,Mubashir Husain Rehmani,Alan Davy,2021-08-10 The rapid growth of the data traffic demands new ways to achieve high speed wireless links The backbone networks data centers mission critical applications as well as end users sitting in office or home all require ultra high throughput and ultra low latency wireless links Sophisticated technological advancement and huge bandwidth are required to reduce the latency Terahertz band in this regard has a huge potential to provide these high capacity links where a user can download the file in a few seconds To realize the high capacity wireless links for future applications in this book different aspects of the Terahertz band wireless communication network are presented This book highlights the Terahertz channel characteristics and modeling antenna design and beamforming device characterization applications and protocols It also provides state of the art knowledge on different communication aspects of Terahertz communication and techniques to realize the true potential of the Terahertz band for wireless communication 5G Outlook Innovations and Applications Ramjee Prasad,2022-09-01 5G Outlook Innovations and Applications is a collection of the recent research and development in the area of the Fifth Generation Mobile Technology 5G the future of wireless communications Plenty of novel ideas and knowledge of the 5G are presented in this book as well as divers applications from health science to business modeling The authors of different chapters contributed from various countries and organizations The chapters have also been presented at the 5th IEEE 5G Summit held in Aalborg on July 1 2016 The book starts with a comprehensive introduction on 5G and its need and requirement Then millimeter waves as a promising spectrum to 5G technology is discussed The book continues with the novel and inspiring ideas for the future wireless communication usage and network Further some technical issues in signal processing and network design for 5G are presented Finally the book ends up with different applications of 5G in distinct areas Topics widely covered in this book are 5G technology from past to present to the future Millimeter waves and their characteristics Signal processing and network design issues for 5G Applications business modeling and several novel ideas for the future of 5G Databases and Information Systems V Hele-Mai Haav,Ahto Kalja,2009 The Eighth International Baltic Conference on Databases and Information Systems took place on June 2 5 2008 in Tallinn Estonia This conference is continuing a series of successful bi annual Baltic conferences on databases and information systems IS The aim is to provide a wide international forum for academics and practitioners in the field of databases and modern information systems for exchanging their achievements in this area The original research results presented in Databases and Information Systems V mostly belong to novel fields of IS and database research such as database technology and the semantic web ontology based

IS IS and AI technologies and IS integration The contribution of Dr Jari Palom ki showed how different ontological commitments affect the way we are modeling the world when creating an information system As semantic technologies have been gaining more attention recently a special session on semantic interoperability of IS was organized The invited talks from each Baltic State gave a good insight how semantic interoperability initiatives are developing in each of the Baltic States and how they relate to the European semantic interoperability framework Future Data and Security Engineering. Big Data, Security and Privacy, Smart City and Industry 4.0 Applications Tran Khanh Dang,Josef Küng,Tai M.

Chung,2023-11-17 This book constitutes the proceedings of the 10th International Conference on Future Data and Security Engineering Big Data Security and Privacy Smart City and Industry 4.0 Applications FDSE 2023 held in Da Nang Vietnam during November 22 24 2023 The 38 full papers and 8 short papers were carefully reviewed and selected from 135 submissions They were organized in topical sections as follows big data analytics and distributed systems security and privacy engineering machine learning and artificial intelligence for security and privacy smart city and industry 4.0 applications data analytics and healthcare systems and short papers security and data engineering Chinese Journal of Electronics ,2003

Ieee Electronics And Communication Project Papers Doc Introduction

In today's digital age, the availability of Ieee Electronics And Communication Project Papers Doc books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Ieee Electronics And Communication Project Papers Doc books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Ieee Electronics And Communication Project Papers Doc books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Ieee Electronics And Communication Project Papers Doc versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Ieee Electronics And Communication Project Papers Doc books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics.

Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Ieee Electronics And Communication Project Papers Doc books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Ieee Electronics And Communication Project Papers Doc books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Ieee Electronics And Communication Project Papers Doc books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Ieee Electronics And Communication Project Papers Doc books and manuals for download and embark on your journey of knowledge?

FAQs About Ieee Electronics And Communication Project Papers Doc Books

What is a Ieee Electronics And Communication Project Papers Doc PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Ieee Electronics And Communication Project Papers Doc PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Ieee Electronics And Communication Project Papers Doc PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Ieee Electronics And Communication Project Papers Doc PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Ieee Electronics And**

Communication Project Papers Doc PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
