Section A—Reading Test (Seen Passage)

Read the passage carefully and answer the questions 1, 2 and 3 :—

River gypsies in Bangladesh are having various problems. First, Bangladesh is getting urbanised very rapidly. Gypsy people are losing their customers in urban population. Hence, their income is threatened. Secondly, 24,000 kilometres of previous waterways has shrunk into only 6,000 kilometres in the country in dry seasons.

Scientists believe that Bangladesh will be worst affected by global climate change. The unpredictable rain and drying out of rivers have made boat movement heavily restricted. Thirdly, many river gypsies are changing their lifestyle in the context of changed reality. They are thinking of living permanently on land. The authority feels that river gypsies need help to survive in the mainstream population. Therefore, the government is offering voting rights, permanent housing and bank-loan facilities. However, changes do not come overnight.

Traditionally, river gypsies are used to water life. They have inherited from their forefathers necessary life skills to survive in waters. They have no education and training to adapt to main stream modern society. So, the authority feels the need to bring them under formal education network. But they have no permanent living place. Gypsy children are born and brought up on roaming boats. Therefore, they cannot go to conventional schools. And hence, mobile boat-schools are coming up for gypsy children. Some voluntary organisations are running special schools on boats to educate river gypsy children in some areas.

1. Choose the best answer from the alternatives :—

(a) River gypsies live in

(i) fixed places

(ii) brick built-houses

(iii) roaming boats

(iv) the hut

(b) Global climate change—

(i) has a great effect on gypsy people.

(ii) has developed the lifestyle of gypsy people.

(iii) has restricted the gypsy people to add with mainstream population.

(iv) has no effect on gypsy people to lead their life.

arrival of the first major post colonial constitution and the world's largest and arguably most daring democratic experiment. Apart from greater domestic focus on the Constitution and the institutional role of the Supreme Court within India's democratic framework, recent years have also witnessed enormous comparative interest in India's constitutional experiment. The Oxford Handbook of the Indian Constitution is a wide-ranging analytical reflection on the major themes and debates that surround India's Constitution. The Handbook provides a comprehensive account of the developments and doctrinal features of India's Constitution as well as articulating frameworks and methodological approaches through which studies of Indian constitutionalism and constitutionalism more generally might proceed. Its contributions range from rigorous legal studies of provisions within the text to reflections upon historical trends and social practices. As such, the Handbook is an essential reference point not merely for Indian and comparative constitutional scholars but for students of Indian democracy more generally.

Building World, 1907 Law Of Evidence In Nigeria Practice And Procedure Simon Uchenna

Ortuanya, 2025-03-21. The Evidence Act 2011 repealed the old Evidence Act. In doing so, the new Act introduced some changes in the Law of Evidence. Ever since, there has been an urgent need for scholastic guidance in the proper approach to the interpretation of the provisions embodying those changes. This is particularly so as the courts have been issuing contradictory interpretations of these provisions. In his new book, *Law of Evidence in Nigeria Practice and Procedure*, the veteran author and urbane man of letters, Professor Simon Uchenna Ortuanya, masterfully plumbs the intention of the drafters of the Act. The result is a five hundred and forty-page treatise of redoubtable erudition. The succinct titles of the different chapters are quite captivating, just as the logical presentations of ideas are very illuminating. The book bears the imprints of the erudite author's versatility in the Law of Evidence, a course he has taught admirably in two public universities. Judges and Justices, Senior Advocates of Nigeria, Law Professors, and sundry litigation lawyers should be truly enamoured of the enormous efforts here. Upon my intimate perusal of this excellent book, I am under obligation to commend it to all Justices of our appellate courts, Judges of disparate categories, law teachers, and their students, and to one and all. Chima Centus Nweze, Ph.D., JSC Life Bencher, FCI Arb, Justices Chambers, Supreme Court, Abuja, Nigeria.
