Gradill is about an FBI agent who is investigating a case in Chicago where a bioterrorist is using SARS and Anthrax to poison or sicken CEOs of biochemical companies and local politicians who are giving them leeway to get funding and do research. The last of the first stories is Shatter Blue Magica story dealing with a young man who is an assassin who leaves a person alive he was supposed to kill now he is only having to kill the person before he kills him and the lady he loves. The second batch of stories starts with Shatter Blue Magic 2 which is about the assassin from the first story having to kill his younger brother and sister in law who have both been assigned to kill him his wife son and employers. Web is the sequel to Chain where the two federal agents from the first story go undercover in Phoenix Arizona with two Phoenix detectives to investigate and stop two nightclub owners in Phoenix from kidnapping teenage girls and selling them to the adult entertainment industry to work as adult film stars. Gradill 2 is where the FBI agent from the first story is going undercover in Chicago to investigate a local domestic terrorist group and stop them from wrecking havoc in Chicago. The third batch of stories is Gradill 3 where the FBI agent from the two previous stories goes undercover with her sister to investigate a growing local domestic terrorist group who is causing trouble in Chicago and to stop them. The Last Call for Shatter Blue Magic picks up where the second story left off healing his wounds from his encounter with his brother and sister in law the assassin takes one last job where he must go around the world killing criminal organizations corrupt policemen crooked politicians and terrorists or he and his family and employers will be killed. Link is the last story in the Chain series where the two federal agents must go to Honolulu Hawaii with two Honolulu detectives to go undercover at a local sweatshop to investigate and stop a local rich woman and her friends from using children from Asia and America to work in her sweatshop making clothes that end up in department stores.

Advanced Direct Injection Combustion Engine Technologies and Development H Zhao, 2009-12-18 Volume 2 of the two volume set Advanced direct injection combustion engine technologies and development investigates diesel DI combustion engines which despite their commercial success are facing ever more stringent emission legislation worldwide. Direct injection diesel engines are generally more efficient and cleaner than indirect injection engines and as fuel prices continue to rise DI engines are expected to gain in popularity for automotive applications. Two exclusive sections examine light duty and heavy duty diesel engines. Fuel injection systems and after treatment systems for DI diesel engines are discussed. The final section addresses exhaust emission control strategies including combustion diagnostics and modelling drawing on reputable diesel combustion system research and development. Investigates how HSDI and DI engines can meet ever more stringent emission legislation. Examines technologies for both light duty and heavy duty diesel engines. Discusses exhaust emission control strategies combustion diagnostics and modelling.
