The boy who wanted sex, fame, money, power and drugs Ralph Rosell, 2015-09-27 A young man from nowhere suddenly appears in the capital of the world A forgotten boy Still like everyone else in this world he desired sex fame money power and drugs The little boy had observed the world through a tiny little black monitor shaped perfectly for his hands Just like a good book would feel For 22 years he watched while his body was completely still He sees the opportunity to stand up and finally steps into the world he s been carefully analyzing He arrives but still looking like an innocent boy in everyone s eyes Just beginning to know the depth of life Just starting to understand these inner and outer body experiences in this so called real world we all worry our children about He was barely becoming an independent adult Accept good things from wherever it comes Don t have a mini mind So many masters have left us with trillions of treasurable teachings throughout human history All this wisdom belongs to the world

Money, Power, and Ideology Marcus Mietzner, 2013-12-16 Are political parties the weak link in Indonesia s young democracy More pointedly do they form a giant cartel to suck patronage resources from the state Indonesian commentators almost invariably brand the country s parties as corrupt self absorbed and elitist while most scholars argue that they are poorly institutionalized This book tests such assertions by providing unprecedented and fine grained analysis of the inner workings of Indonesian parties and by comparing them to their equivalents in other new democracies around the world Contrary to much of the existing scholarship the book finds that Indonesian parties are reasonably well institutionalized if compared to their counterparts in Latin America Eastern Europe and other parts of Asia There is also little evidence that Indonesian parties are cartelized But there a significant flaw in the design of Indonesia s party system while most new democracies provide state funding to parties Indonesia has opted to deny central party boards any meaningful subsidies As a result Indonesian parties face severe difficulties in financing their operations leading them to launch predatory attacks on state resources and making them vulnerable to manipulation by oligarchic interests
