Mongolian grill dish our Mongol friends would like the meat But they would sort of view the vegetables as messing up a plate of perfectly good meat Not to mention that most folks eat that meat and vegetable and sauce mixture over a bed of rice And while the Mongols eat bread sometimes rice isn't something native to their diet But done well Mongolian food can be outstanding And that's what this book is about making authentic good and easy Mongolian dishes Food like Genghis Khan would have eaten only better And while you're not likely to take off on a Mongolian horse tomorrow morning you can enjoy the taste of the Mongol deserts Right in your own home Right in your own kitchen And here's the benefit of being able to make real authentic Mongolian food that's good and easy right in your own home it's because you probably can't find it anywhere else Because while Mongolia ruled the world 800 years ago most people aren't able to get to the country now And there are very very few real Mongolian restaurants Maybe 3 or 4 in the entire United States for example So until there's a Mongolian restaurant in your town one that would have made Genghis Khan happy you can make the real thing right in your own kitchen And here they are 22 real Mongolian dishes This is a cuisine people have been eating for over a thousand years Now you can see what you've been missing This book is 46 pages and has 8 558 words
