Pyle,2024-06-06 A thought provoking analysis of the historian s craft through a case study of the Hiroshima decision and ongoing historical debates Resources in Education ,1995 **Handbook of Research on Narrative Interactions** Yilmaz, Recep,2021-01-29 Our understanding of the concept of narrative has undergone a significant transformation over time particularly today as new communication technologies are developed and popularized As new narrative genres are born and old ones undergo great change by the minute a thorough understanding can shed light on which storytelling elements work best in what format That deep understanding can then help build strong satisfying stories The Handbook of Research on Narrative Interactions is an essential publication that examines the relationships between types of narratives in a shifting and widening scope of storytelling forms While highlighting a wide range of topics including contemporary culture advertising and transmedia storytelling this book is ideally designed for media professionals content creators advertisers entrepreneurs researchers academicians and students *CAS. Curriculum Advisory Service Quarterly* ,1973 **CAS** Curriculum Advisory Service, Inc,1974 **Our Brain and the News** Isabel Nery,2024-02-21 This book explores the impact of news and literary journalism on human cognition and emotion Providing an innovative analysis of psycho physiological

measures including emotional response perception of pain and changes in heartbeat Nery seeks to understand how readers react to journalistic texts There is a growing enthusiasm in the search for understanding the processing of information with some already arguing for the establishment of the neuroscience of communication as a new discipline By combining neuroscience methods with communication research studies specifically journalistic research and theory Nery offers us a unique way of exploring and thinking about news literary journalism and the brain **School Library Journal** ,1986

Circular West Virginia University. Cooperative Extension Service,1919 **Mr. Straight Arrow** Jeremy Treglown,2019-04-23 A monumental reevaluation of the career of John Hersey the author of Hiroshima Few are the books with as immediate an impact and as enduring a legacy as John Hersey's Hiroshima First published as an entire issue of The New Yorker in 1946 it was serialized in newspapers the world over and has never gone out of print By conveying plainly the experiences of six survivors of the 1945 atomic bombing and its aftermath Hersey brought to light the magnitude of nuclear war And in his adoption of novelistic techniques he prefigured the conventions of New Journalism But how did Hersey who was not Japanese not an eyewitness not a scientist come to be the first person to communicate the experience to a global audience In Mr Straight Arrow Jeremy Treglown answers that question and shows that Hiroshima was not an aberration but was emblematic of the author's lifework By the time of Hiroshima's publication Hersey was already a famed war writer and had won a Pulitzer Prize for Fiction He continued to publish journalism of immediate and pressing moral concern his reporting from the Freedom Summer and his exposés of the Detroit riots resonate all too loudly today But his obsessive doubts over the value of his work never ceased Mr Straight Arrow is an intimate exacting study of the achievements and contradictions of Hersey's career which reveals the powers of a writer tirelessly committed to truth and social change

Bulletin of the Atomic Scientists ,1985-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Writing War in the Twentieth Century** Margot Norris,2000 The twentieth century will be remembered for great innovation in two particular areas art and culture and technological advancement Much of its prodigious technical inventiveness however was pressed into service in the conduct of warfare Why asks Margot Norris did violence and suffering on such an immense scale fail to arouse artistic and cultural expressions powerful enough to prevent the recurrence of these horrors Why was art not more successful through its use of dramatic emotionally charged material its ability to stir imagination and arouse empathy and outrage in producing an alternative to the military logic that legitimates war Military argument in the twentieth century has been fortified by the authority of the rationalism that we attribute to science Norris argues Warfare is therefore legitimized by powerful discourses that art's own arsenal of styles and genres has limited power to counter Art's difficulty in representing the violent death of entire generations or populations has been particularly acute Choosing works that have become representative of

their historically violent moment Norris explores not only their aesthetic strategies and perspectives but also the nature of the power they wield and the ethical engagements they enable or impede She begins by mapping the altered ethical terrain of modern technological warfare with its increasing targeting of civilian populations for destruction She then proceeds historically with chapters on the trench poetry and modernist poetry of World War I Hemingway's *A Farewell to Arms* and Erich Maria Remarque's *All Quiet on the Western Front* both the book and the film of Schindler's List the conflicting historical stories of the Manhattan Project a comparison of American and Japanese accounts of Hiroshima Francis Ford Coppola's film *Apocalypse Now* and the effects of press censorship in the Persian Gulf War By looking at the whole span of the century's writing on war Norris provides a fascinating critique of art's ethical power and limitations along with its participation in as well as protest against the suffering that human beings have brought upon themselves **Orientation**
