**The Learning Rainforest: Great Teaching in Real Classrooms** Tom Sherrington, 2017-10-23 The Learning Rainforest is an attempt to capture various different elements of our understanding and experience of teaching It is a celebration of great teaching the joy of it and the intellectual and personal rewards that teaching brings It is aimed at teachers of all kinds busy people working in complex environments with little time to spare The core of the book is a guide to making teaching both effective and manageable it provides an accessible summary of key contemporary evidence based ideas about teaching and learning and the debates that all teachers should be engaging in It s a book packed with strategies for making great teaching attainable in the context of real schools The Learning Rainforest metaphor is an attempt to capture various different elements of our understanding and experience of teaching Tom s ideas about what constitutes great teaching are drawn from his experiences as a teacher and a school leader over the last 30 years alongside everything he has read and all the debates he s engaged with during that time An underlying theme of this book is that a career in teaching is a process of continual personal development and professional learning as is engaging in fundamental debates rage on about the kind of education we value As you meet each new class and move from school to school your perspectives shift your sense of what seems to work adjusts to each new context In writing this book Tom is trying to capture some of the journey he s been on He has learned that it is ok to change your mind More than that sometimes it is simply necessary to get your head out of the sand to change direction to admit your mistakes

**Secondary Education at the Crossroads** Phillip Hughes, 2006-09-23

Education is a universal priority Currently it is at a crossroad In every society it is valued as a major road to produce more productive more harmonious and healthier citizens Yet in every setting there is deep dissatisfaction with the overall performance of education and there are major moves towards reform sometimes superficial but more often fundamental These reform processes have had only moderate and very uneven success Too often they are episodic reflecting a short term approach which is frequently changed for the latest enthusiasm or the most recent administration In Asia and the Pacific countries many systems are in the process of construction or reconstruction Can we learn from the experiences of others Given the multiplicity of efforts at reform and the variety of situations for reform there may well be lessons we can learn from

each other's efforts and each other's failures and successes This book features contributions from experienced researchers who have worked in many different settings and bring their own insights to attack this universal problem **Schools**
