1.1 Purpose of the CT Study Instruction Manual

The purpose of this instruction manual is to help you complete original and revised CT studies for your treatment plant using the CT Template.

1.2 What Systems Can Use the New Automated CT Study Template?

The Template is primarily intended for small and medium size treatment plants. The template is designed for treatment plants with no more than 10 disinfection zones, each zone consisting of no more than 10 treatment units. If your plant does not meet these requirements, your CT study will need to be completed manually.

what happens when forgetting becomes a way of writing and writing becomes a way of forgetting In Slips of the Mind poet
and critic Jennifer Soong turns away from forgetting s long standing associations with suppression privation and error to
argue that the absence or failure of memory has often functioned as a generative creative principle Exploring forgetting not
as the mere rejection of a literary past or a form of negative poetics Soong puts to the test its very aesthetic meaning What
new structures forms of desires styles and long and short feelings do lapses in time allow What is oblivion s relationship to
composition And how does the twentieth century poet come to figure as the quintessential embodiment of such questions
Soong uncovers forgetting s influence on Gertrude Stein Lyn Hejinian Tan Lin Harryette Mullen Lissa Wolsak and New York
School poets John Ashbery James Schuyler Bernadette Mayer and Ted Berrigan among others She reveals that forgetting s
shapeshifting produces differences in poetic genre interest and degrees of intentionality and that such malleability is part of
forgetting s nature Most provocatively Soong shows how losing track of things leaving them behind or finding them already
gone resists overdetermination and causality in the name of surprise as poets leverage forgetting in order to replace identity
with style Slips of the Mind is the kind of literary criticism that will reward all readers of modern and contemporary poetry
