

The background of the cover is a dark, deep blue or black. It features a complex, glowing pattern of magnetic field lines. These lines are concentrated in the center-right area, where they form a dense, swirling vortex. From this central point, numerous lines radiate outwards, some curving upwards and others downwards. The lines are colored in a gradient, with the innermost and most concentrated areas appearing as bright orange and yellow, transitioning through red and purple to a deep blue as they move further away. On the left side of the cover, there is a soft, out-of-focus glow of light, resembling a distant star or a nebula, with a primary bright yellow-white point and a surrounding hazy orange and red aura.
