Holly Payne Accidentally Investigating A Holly Payne Novel:

Holly Payne Accidentally Investigating Melanie Reis, 2014-11-23 Holly Payne has lost all the important things in life. She dumped her cheating boyfriend, lost her house and her job in the process and is now trying to impress her possible new boss in order to become a private investigator without any valuable experience in the field. Whilst she is trying to make money to live on in this new career, she is living with her elderly father. Her best friend comes to the rescue with her new investigator responsibilities which turn into a murder investigation. Along the way, she realises that getting back on her feet is harder than she ever thought possible. If Holly thought her life was tough before, she realises it is now more complicated than she ever wanted it to be.
