Human Development Traditional And Contemporary:

Human Development Doris Bergen, 2008 For courses in human development theories of development and development over the lifespan Throughout years of teaching various courses in psychology Doris Bergen struggled with a familiar problem in Human Development classes the texts available to her did not meet the needs of the types of students in her classes In teaching students who were primarily working towards degrees in professional practice rather than those focusing on advanced degrees in psychology the current texts did not present theoretical work in a way that helped her students translate the concepts into their careers Here Doris Bergen has authored a text that does just that By making the theoretical issues relevant and accessible to students going into professional practice enabling them to apply theory to case examples and helping them see which theories are focused primarily on specific developmental domains this text will give students the edge they need as they move forward in their working lives Lifespan Perspectives on Natural Disasters Katie E.

Cherry, 2009-07-09 Some of our most disturbing images of Hurricane Katrina involve the very old trapped in flooded nursing homes and the very young sick in toxic trailers Using the Katrina Rita nexus as its reference point Lifespan Perspectives on Natural Disasters takes the developmental long view on human strengths and vulnerabilities during large scale devastation and crisis An expert panel of behavioral scientists and first responders analyzes the psychological impact of natural disasters on and coping faculties associated with children adolescents and young middle aged older young old and late life oldest old adults This timely information is invaluable both to mental health service providers and to those tasked with developing age appropriate disaster preparedness intervention and recovery programs In addition the book references other deadly storms as well as other major catastrophic events e g the September 11 attacks the Indian Ocean Tsunami and includes such topics as Young children s understanding of hurricanes Positive adjustment in youth after Katrina How families make meaning out of disaster Disaster recovery in the workplace Recovery services for the frail elderly Coping and health in late life

Preparation and training mental health personnel for disasters Unique in the disaster literature Lifespan Perspectives on Natural Disasters serves as a research reference and idea book for professionals and graduate level students in psychology social work and disaster preparedness and services The SAGE Encyclopedia of Lifespan Human Development Marc H.
