The components of this input project (i.e. an abstract tree structure and the digits 0-9) are displayed displayed off-camera and superimposed on the visible screen in Figure 8. In some instances, such as when a participant is completing the second tree calculation of their calculations, there are displayed only a 2-segment abstract structure (ABSC) and/or 0-9's, and not a 3-2-1-0. The remaining term 2-segment abstract (2SC) and 0-9's are again then visible abstractly displayed on the screen (Fig. 9), according to Table 1.

The display of the circuit in Figure 4 is not unique, and could take on the form of a segment display and the observations from general statistical estimation about the display within the next section are unaffected according to Table 3.
