The Routledge Handbook of English for Academic Purposes Ken Hyland, 2016-01-29 The Routledge Handbook of English for Academic Purposes provides an accessible authoritative and comprehensive introduction to English for Academic Purposes EAP covering the main theories concepts contexts and applications of this fast growing area of applied linguistics Forty four chapters are organised into eight sections covering Conceptions of EAP Contexts for EAP EAP and language skills Research perspectives Pedagogic genres Research genres Pedagogic contexts Managing learning Authored by specialists from around the world each chapter focuses on a different area of EAP and provides a state of the art review of the key ideas and concepts Illustrative case studies are included wherever possible setting out in an accessible way the pitfalls challenges and opportunities of research or practice in that area Suggestions for further reading are included with each chapter The Routledge Handbook of English for Academic Purposes is an essential reference for advanced undergraduate and postgraduate students of EAP within English Applied Linguistics and TESOL

The Oxford Guide to Australian Languages Claire Bowern, 2023-06-19 The Oxford Guide to Australian Languages is a wide ranging reference work that explores the more than 550 traditional and new Indigenous languages of Australia Australian languages have long played an important role in diachronic and synchronic linguistics and are a vital testing ground for linguistic theory Until now however there has been no comprehensive and accessible guide to their vast linguistic diversity This volume fills that gap bringing together leading scholars and junior researchers to provide an up to date guide to all aspects of the languages of Australia The chapters in the book explore

typology documentation and classification linguistic structures from phonology to pragmatics and discourse sociolinguistics and language variation and language in the community The final part offers grammatical sketches of a selection of languages sub groups and families At a time when the number of living Australian languages is significantly reduced even compared to twenty year ago this volume establishes priorities for future linguistic research and contributes to the language expansion and revitalization efforts that are underway
