

Chapter 1 - Financial Accounting

- **Accounting** - to accumulate, record, and report financial information that is useful to decision makers
- **Internal Decision Makers** - people inside the company that use internal information to make decisions for the company (managers, CEO, CFO, head of division)
- **External Decision Makers** - people outside the company who figure out if they should invest or lend money to a company, using financial information provided by accounting

Differences between Financial and Managerial Accounting

Financial

- External persons who make financial decision, historical perspective, emphasis on objectivity and verifiability, emphasis on precision, focuses on companywide reports, must follow GAAP/IFRS and prescribed formats, mandatory for external reports

Managerial

- Managers who plan and control organization, future emphasis, emphasis on relevance, focus on segment reports, not mandatory for external reports

Assets - what the company owns

Liabilities - what the company owes

- listed in terms of maturity (how soon an obligation must be paid)

Owners' Equity - ownership investments in the company and income retained by the company

Revenue - inflows (income) from selling goods or services

Expenses - outflows (costs) from operating the business

Net Income - how much a company earns during a time period (income - costs)

Accounts Receivable - money other companies owe for a short period of time

Notes Receivable - money other companies owe for a longer period of time

Four Basic Financial Statements

1. **Balance Sheet** - reports the financial position (amount of assets, liabilities, and stockholders' equity) of a company
2. **Income Statement** - reports of the revenue less the expenses during the accounting period
3. **Statement of Stockholders' Equity** - reports of the changes in each of the company's stockholders' equity accounts
4. **Statement of Cashflow** - reports of inflows and outflows

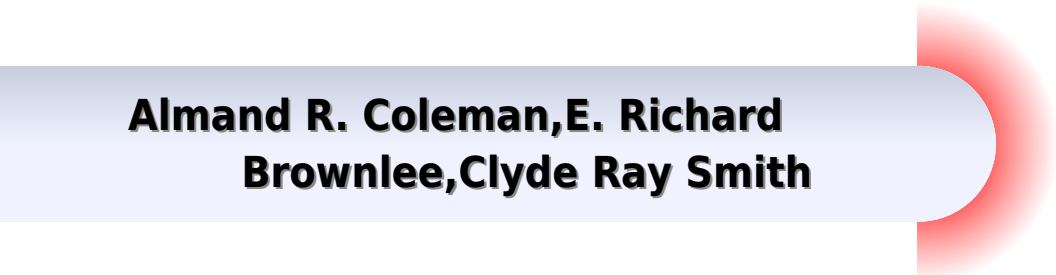

Financial Statement Structure

Heading
