**Cineaste on Film Criticism, Programming, and Preservation in the New Millennium** Cynthia Lucia, Rahul Hamid, 2017-11-01 Digital technology and the Internet have revolutionized film criticism programming and preservation in deeply paradoxical ways The Internet allows almost everyone to participate in critical discourse but many print publications and salaried positions for professional film critics have been eliminated Digital technologies have broadened access to filmmaking capabilities as well as making thousands of older films available on DVD

and electronically At the same time however fewer older films can be viewed in their original celluloid format and newer digitally produced films that have no material prototype are threatened by ever changing servers that render them obsolete and inaccessible Cineaste one of the oldest and most influential publications focusing on film has investigated these trends through a series of symposia with the top film critics programmers and preservationists in the United States and beyond This volume compiles several of these symposia Film Criticism in America Today 2000 International Film Criticism Today 2005 Film Criticism in the Age of the Internet 2008 Film Criticism The Next Generation 2013 The Art of Repertory Film Exhibition and Digital Age Challenges 2010 and Film Preservation in the Digital Age 2011 It also includes interviews with the late celebrated New Yorker film critic Pauline Kael and the critic John Bloom Joe Bob Briggs as well as interviews with the programmers curators Peter von Bagh and Mark Cousins and with the film preservationist George Feltenstein This authoritative collection of primary source documents will be essential reading for scholars students and film enthusiasts

Phillips, 1988 Noted film historian Gene Phillips English Loyola U Chicago traces the successes and frustrations in Faulkner's screenwriting career exploring parallels between his film work and his career as a novelist Includes a filmography and bibliography Annotation copyrighted by Book News Inc Portland OR **EMI Films and the Limits of British Cinema** Paul Moody, 2018-10-19 This book is the first of its kind to trace the development of one of the largest and most important companies in British cinema history EMI Films From 1969 to its eventual demise in 1986 EMI would produce many of the key works of seventies and eighties British cinema ranging from popular family dramas like *The Railway Children* Lionel Jeffries 1970 through to critically acclaimed arthouse successes like *Britannia Hospital* Lindsay Anderson 1982 However EMI's role in these productions has been

recorded only marginally as footnotes in general histories of British cinema. The reasons for this critical neglect raise important questions about the processes involved in the creation of cultural canons and the definition of national culture. This book argues that EMI's amorphous nature as a transnational film company has led to its omission from this history and makes it an ideal subject to explore the limits of British cinema.

*Modern European Criticism and Theory* Julian Wolfreys, 2006-04-21 *Modern European Criticism and Theory* offers the reader a comprehensive critical overview of the widespread and profound contest of ideas within European theory. The book focuses primarily on the thought of major voices in poetics, philosophy, linguistics, and psychoanalysis, as well as in literary and cultural studies from the Enlightenment to the present day. Examining how conceptions of subjectivity, identity, and gender have been questioned, the more than 50 essays written by acknowledged experts in their fields critically assess the ways in which we think, see, and act in the world, as well as the ways in which we represent such thought psychologically, politically, and culturally. A further reading list accompanies each chapter.

He began his career in the 1950s with a passion for film and an eloquent style of prose that led him to become a prominent voice in the film world. As a writer and editor for the *Village Voice* at its prime, Sarris reached and educated a whole generation of readers and became respected by academics and critics all over the world. The thirty-eight essays assembled here and arranged according to major themes demonstrate the amazing impact Sarris has had on every aspect of the film world: fellow critics, filmmakers, readers, and American popular culture. Contributors include noted critics Leonard Maltin and Molly Haskell, film scholars David Bordwell and James Naremore, and directors Martin Scorsese, Robert Benton, and John Sayles.

**Queer Timing** Susan Potter, 2019-06-16 John Leo and Dana Heller Award for Best Single Work Anthology Multi Authored or Edited Book in LGBTQ Studies Popular Culture Association PCA 2020 In Queer Timing Susan Potter offers a counter history that reorients accepted views of lesbian representation and spectatorship in early cinema Potter sees the emergence of lesbian figures as only the most visible but belated outcome of multiple sexuality effects Early cinema reconfigured older erotic modalities articulated new though incoherent sexual categories and generated novel forms of queer feeling and affiliation Potter draws on queer theory silent film historiography feminist film analysis and archival research to provide an original and innovative analysis Taking a conceptually oriented approach she articulates the processes of filmic representation and spectatorship that reshaped marginalized or suppressed women s same sex desires and identities As she pursues a sense of timing Potter stages scenes of the erotic and intellectual encounters shared by historical spectators on screen figures and present day scholars The result is a daring revision of feminist and queer perspectives that foregrounds the centrality of women s same sex desire to cinematic discourses of both homo and heterosexuality

**The Rhapsodes** David Bordwell, 2016-04-04 An engaging look at four pioneering film critics besides being a pleasure to read it makes a sophisticated contribution to the study of film criticism Cineaste In the 1960s Pauline Kael Andrew Sarris and Roger Ebert were three of America s most popular and influential film critics But their remarkable contributions to the cinema landscape were deeply influenced by the work of four earlier critics who are too often overlooked Otis Ferguson James Agee Manny Farber and Parker Tyler Throughout the 30s and 40s these pioneering critics scrutinized movies with an intensity not previously seen in popular reviewing With The Rhapsodes renowned film scholar and critic David Bordwell restores their work to a wider audience Bordwell calls these four critics the Rhapsodes in honor of their passionate and deliberately offbeat prose Each broke with prevailing currents in criticism finding new ways to discuss popular films that their contemporaries regarded as trivial With his customary clarity and brio Bordwell considers each critics writing style their conceptions of films and their many quarrels He then concludes by examining their

profound impact on later generations of film writers      Sound in the American Horror Film Jeffrey Bullins, 2024-07-22 The crack of thunder a blood curdling scream creaking doors or maybe complete silence Sounds such as these have helped frighten and startle horror movie audiences for close to a century Listen to a Universal classic like Dracula or Frankenstein and you will hear a very different soundtrack from contemporary horror films So how did we get from there to here What scared audiences then compared to now This examination of the horror film s soundtrack builds on film sound and genre scholarship to demonstrate how horror perhaps more than any other genre utilizes sound to manipulate audience response Beginning with the Universal pictures of the early 1930s and moving through the next nine decades it explores connections and contrasts throughout the genre s technical and creative evolution New enthusiasts or veteran fans of such varied films as The Mummy Cat People The Day the Earth Stood Still Psycho Halloween A Nightmare on Elm Street Scream The Conjuring Paranormal Activity and A Quiet Place will find plenty to explore and perhaps a new sonic appreciation within these pages

Film Theory: Rational Reconstructions Warren Buckland, 2012-03-29 In Film Theory Rational Reconstructions Warren Buckland asks a series of questions about how film theory gets written in the first place How does it select its objects of study and its methods of inquiry How does it make discoveries and explain filmic phenomena And How does it formulate and solve theoretical problems He asks these questions of film theory through a rational reconstruction and a classical commentary Both frameworks clarify and reformulate vague and inexact expressions redefine obscure concepts and examine the underlying logic of film theory arguments This not only subjects film theory to rigorous examination it also teaches students how to write theory by enabling them to question and critically interrogate the logic of previous film theory arguments The book consists of nine chapters that closely examine a series of canonical film books and essays in great detail by Peter Wollen Laura Mulvey Thomas Elsaesser Stephen Heath and Slavoj i ek among others      Jet Li Sabrina Q Yu, 2012-04-04 This is the first study of Chinese stars and their transnational stardom examining the transnational Chinese actor Jet Li probably the best martial arts actor alive Jet Li s career has crossed numerous cultural and geographic boundaries from mainland China to Hong Kong from Hollywood to France In Jet Li Chinese Masculinity and Transnational Film Stardom Sabrina Qiong Yu uses Li as an example to address some intriguing but under examined issues surrounding transnational stardom in general and transnational kung fu stardom in particular Presenting case studies of audiences responses to Jet Li films and his star image this book explores the way in which Li has evolved from a Chinese wuxia hero to a transnational kung fu star in relation to the discourses of genre gender sexuality ethnicity and national identity By rejecting a text centred approach which prevails in star studies and instead emphasising the role of audiences in constructing star image this book challenges some established perspectives in the study of Chinese male screen images and martial arts action cinema
