

A419 Series Electronic Temperature Controls with Display and NEMA 1 or NEMA 4X Watertight Enclosures

The A419 series controls are single-stage, electronic temperature controls with a Single-Pole, Double-Throw (SPDT) output relay. They feature a lockable front-panel touchpad for setup and adjustment, and an LCD for viewing the temperature and status of other functions. An LED indicates the controls' output relay On/Off status. The A419 controls are available in 24 VAC or 120/240 VAC powered models.

The A419 controls have heating and cooling modes, adjustable setpoint and differential, an adjustable anti-short cycle delay, and a temperature offset function. The setpoint range is -30 to 212°F (-34 to 100°C). The controls feature remote sensing capability and interchangeable sensors. The A419 controls are available in either NEMA 1, high-impact plastic enclosure suitable for surface or DIN rail mounting or NEMA 4X watertight, corrosion-resistant surface-mount enclosures.

Figure 1: A419 Temperature Control with NEMA 1 Enclosure and A99 Temperature Sensor

Features and Benefits	
☐ Easy-to-Read Front-Panel Liquid Crystal Display	Displays the sensed temperature and control-function status clearly; custom icons on the display indicate the control and system status at a glance
☐ Wide Temperature Differential Adjustment Range (1 to 30F° or C°)	Allows the user to set a precise (1F° or C°) temperature differential from 1 to 30F° or C°; providing a much tighter differential than electromechanical controls
☐ Adjustable Anti-Short Cycle Delay (0 to 12 Minutes in 1-Minute Increments)	Ensures that the output relay remains off for a user-set time delay, which helps avoid hard starts, nuisance overload outages, and unnecessary equipment wear
☐ Switch-Activated Temperature Offset Function	Allows the user to shift the cut-in and cutout setpoints by an adjustable offset based on the status of a user-installed, external switch, such as a time clock
☐ High-Impact, Thermoplastic NEMA 1 or NEMA 4X Watertight, Corrosion-Resistant Enclosures	Increase application options, allowing surface and snap-fit DIN rail mount, or Watertight surface mount
☐ Lockable Front Panel Touchpad	Allows easy set up and adjustment of the A419 control setpoint, differential, and other functions; a concealed jumper locks the touchpad, and deters unauthorized adjustment of the control settings
☐ Low- and Line-Voltage Models	Provide options for most refrigeration and HVAC control-voltage applications
