**Monarchies and the Great War** Matthew Glencross,Judith Rowbotham,2018-10-11 This volume challenges the

traditional view that the First World War represents a pivotal turning point in the long history of monarchy suggesting the picture is significantly more complex Using a comparative approach it explores the diverse roles played by monarchs during the Great War and how these met the expectations of the monarchic institution in different states at a time of such crisis Its contributors not only explore less familiar narratives including the experiences of monarchs in Belgium and Italy as well as the Austro Hungarian Japanese and Ottoman Empires but also cast fresh light on more familiar accounts In doing so this book moves away from the conventional view that monarchy showed itself irrelevant in the Great War by drawing on new approaches to diplomatic and international history ones informed by cultural contextualization for instance while grounding the research behind each chapter in a wide range of contemporary sources The chapters provide an innovative revisiting of the actual role of monarchy at this crucial period in European indeed global history and are framed by a substantial introductory chapter where the key factors explaining the survival or collapse of dynasties and of the individuals occupying these thrones are considered in a wide ranging set of reflections that highlight the extent of common experiences as well as the differences

**Italian Irredenta** Anthony Di Iorio,2023-11-13 This is a study of the early writings of Virginio Gayda 1885 1944 a talented but amoral Italian journalist whose career spanned two world wars A keen observer prolific writer and propagandist during his stint as the newspaper La Stampa s special correspondent in Habsburg Vienna Gayda lent his considerable skills to promote an aggressive foreign policy No one did more than he to poison relations between the Italian and Yugoslav peoples His is the story of a respected journalist who chose an ultranationalist path to fascism and international fame Not uninfluenced by rank careerism and material reward he forsook his roots to embrace the antisemitic race laws of 1938 and Italy s disastrous partnership with Nazi Germany     *War in Europe?* Thibault Muzergues,2022-04-19 In this highly provocative and documented book Thibault Muzergues describes how war in Europe is now more likely than it has been for at least the past 30 years how it might come back to Europe and what Europeans can do to avoid getting drawn again in fratricide conflicts Many consider Europe a continent of peace with NATO guaranteeing its security and the EU providing the political glue for a Europe Whole and Free But what if this was not the case anymore What if after a decade of crisis today s Europe was much more fragile than we thought The author challenges our assumptions about peace in Europe and forces us to face the realities of a world that has become much more dangerous Far from being apocalyptic this book serves as an advance warning to the dangers both internal and external that are now closing in on Europe and suggests solutions to avoid them This book will be key reading for those interested in European politics and history the European Union security and strategic studies and more broadly to current affairs and international relations     World War I: Part Three

### **La Croatie face à ses destinées : Vlatko**

Maric,2023-06-06 L'année 1918 a marqué la fin de la Première Guerre mondiale la disparition de l'Empire austro-hongrois et la création de nouveaux états en Europe dont la formation du premier état des Serbes Croates et Slovènes. Cette création est apparue ambiguë dans ses intentions et son fonctionnement. Les institutions nationales de la Croatie qui avaient survécu sous la monarchie austro-hongroise ont été supprimées. Les conditions mêmes de l'unification étaient au terme d'une guerre tout comme après 1945 ont été quivoques. La tendance centralisatrice imprimée à l'entrée a suscité des tensions et des courants centrifuges qui n'ont cessé de s'amplifier, causant une répression devenue de plus en plus impitoyable et sanglante. Après la mort du maréchal président vie de la Yougoslavie Josip Broz Tito en 1980, la crise s'est aggravée et a conduit à la dislocation de l'état yougoslave en 1991 avec le début des guerres d'agression sur les territoires des républiques de Slovénie et de Croatie. Cet ouvrage présente la complexité de la réalité politique tant après 1918 qu'au cours de la période 1991-1995 qui a vu l'état croate lutter pour son indépendance.

*Géopolitique passée et présente de l'Ukraine* François Grumel-Jacquignon, 2018

Cet ouvrage constitue un aperçu significatif de l'histoire de l'espace correspondant à l'Ukraine actuelle sur le temps long dans la perspective de donner des clés d'explication de la crise guerrière actuelle qui l'affecte. Son auteur, loin de sacrifier la mode religieuse actuelle, met l'accent sur les points clés historiques et culturels qui ont façonné un peuple ukrainien multiple dans ses aspirations et qui expliquent les lignes de faille qui le divisent. Car, contrairement aux incessantes alliations occidentales, les événements contemporains relèvent d'abord de la géopolitique interne. Mais, visiblement comme souvent, les interférences des pays voisins transforment l'affaire en un sujet de géopolitique externe sans que doive être privilégié subjectivement le rôle de telle ou telle puissance. Toutes celles concernées ont agi et continuent d'agir pour finalement directement ou indirectement contrôler ce pays. Autant dire combien est indispensable ici une analyse historique nuancée qui permette de comprendre les points de vue de toutes les parties en présence. Si l'effort fait le plus possible à l'impartialité elle entreprend de décrire des réalités complexes tout en décapant toutes les mythologies imaginaires russes mais aussi nationaliste ukrainienne, tasunienne et européenne. Celles-ci autant collectives que façonnées par les pays de l'UE les plus engagés (Lituanie, Pologne) sont notamment celles qui contribuent à brouiller le regard et en rejetant définitivement les théories suscitées en permanence quant à une opposition entre ce qui serait le bien et le mal.
