The Estory of William Longsword Patrick LOISEAU, 2024-09-06 This book is the result of a master's thesis in Modern Literature classics option written at the University of Rennes 2 defended in 2012 While it can borrow from history through a certain number of historical archives this research work borrows more from legend and literary sources that made it possible to free the second Duke of Normandy a Viking and son of the Viking Rollo founder of Normandy in 911 from anonymity Indeed this academic work is the first to deal with a character that is not sufficiently known sometimes confused with a homonym but of fundamental importance The choice of the title *The Estory of William Longsword* can be explained by the following considerations it is a question of history but signifying by this choice that it will be a question of entering into this history of preserving as much as possible its medieval character its medieval meaning and therefore not only of being the modern observer of a timeless sequence It will not be history but a story that is told In 7 chapters all the dimensions inherent to such publications will be revealed including the sources the gaps between the story and the texts the legendary dimension of the character his human dimension the mysteries to be discovered *Writing Normandy* Felice Lifshitz, 2020-11-19 Writing Normandy brings together eighteen articles by historian Felice Lifshitz some of which are published here for the first time The articles examine the various ways in which local and regional narratives about the past were created and revised in Normandy during the central Middle Ages These narratives are analyzed through a combination of both cultural studies and manuscript studies in order to assess how they functioned who they benefitted and the various contexts in which they were transmitted The essays pay particular attention to the narratives built around venerated saints and secular rulers and in doing so bring together narratives that have traditionally been discussed separately by scholars The book will appeal to scholars and students of cultural history and medieval history as well as those interested in manuscript studies CS1095

Staufen and Plantagenets Alheydis Plassmann, Dominik Büschken, 2019-01-21

This volume focuses on phenomena structures and constellations of power and rule in the 12th century from a comparative perspective Comparing England and the Empire is a promising research project because the Staufen and the Plantagenets ruled over more than one kingdom and claimed hegemony Therefore the divergence between legality and the demands of ruling over diverse lordships can be explored The examples of extended royal rule in different constellations treated by international authors show how the practice of power and the structures of rule based on legitimate claims diverge

Pohl, 2015 When Dudo of Saint Quentin s *Historia Normannorum* first appeared in or around 1015 written for the then Duke of Normandy Richard II Dudo created a text without precedent By committing the lives and deeds of Richard II s ancestors to written memory for the first time since the foundation of Normandy under the Viking Rollo in 911 Dudo provided the Norman court at Rouen with both an official dynastic historiography and a treasured record of their collective past The *Historia Normannorum* was conceived from the outset as an idiosyncratic text which purported to be both staunchly traditional and remarkably innovative By means of a pioneering transdisciplinary combination of Historical Studies Manuscript Studies Literary Theory and Cultural Memory Studies this book explores medieval historiography through a unique and highly

innovative lens The analysis showcases the *Historia Normannorum* s status as one of the most formative historical narratives of the Middle Ages one which may even provide the earliest surviving example of an illustrated chronicle from the entire Latin West Back cover *The Essays of Virginia Woolf: 1904-1912* Virginia Woolf,1986 Collects articles and book reviews by the English novelist **The Discourses of Environmental Collapse** Alison E.
