While scholars have been developing valuable research on race and racism for decades this work does not often reach the beginning college student or the general public who rarely learn a basic history of race and racism If we are to dismantle systemic racism and create a more just society people need a place to begin This accessible introductory and interdisciplinary guide can be one such place Grounded in critical race theory this book uses the metaphor of the Racism Machine to highlight that race is a social construct and that racism is a system of oppression based on invented racial categories It debunks the false ideology that race is biological As a manual this book presents clear instructions for

understanding the history of race including whiteness starting in colonial America where the elite created a hierarchy of racial categories to maintain their power through a divide and conquer strategy As a toolbox this book provides a variety of specific action steps that readers can take once they have developed a foundational understanding of the history of white supremacy a history that includes how the Racism Machine has been recalibrated to perpetuate racism in a supposedly post racial era
