The Guide Kathleen A. Turitto, 2016-08-31 Kathleen A Turitto is in her late sixties when she tries something new taking French classes at Palomar College in San Marcos California Under the guidance of Professor Ray Adams she learns to read and even understand conversational French She is feeling confident when she sees a notice on a classroom bulletin board that reads Enroll at the Sorbonne One month 999 including meals lodgings excursions and air fare from Los Angeles As someone who is always looking for a bargain she jumps at the chance naively thinking that if she can read and understand French she can easily learn to speak it In this memoir she looks back at her journey to France and how once there she navigated taking exams finding her way through Paris networking with students and conquering her fears Along the way she meets people she will never forget including an Australian named Paula Burk who she runs into by happenstance at a cafeteria Soon the two women are enjoying each others company over coffee meals and warm conversation If you've ever felt too timid to try something new or embark on an adventure by yourself then you'll be emboldened by these recollections **Im/Tb**
