

QUESTION 1

A team of lecturers wants to conduct a study on online learning among the UiTM students during the *Movement Control Order* (MCO). Most of the questions constructed in the questionnaire are related to their acceptance, perception and problems involving online learning. All the students have email account and are ready access to computers which they are required to use in their courses. Each student's email address is recorded centrally by the university (academic affairs of respective faculties). Due to time-constraint and cost, the team decided to sample only 10% of the degree students from every 22 faculties (academic centres) of UiTM Selangor (Shah Alam and Puncak Alam) only. It has been decided that it would not be appropriate to carry out face-to-face interviews or phone interviews for this population.

- a) Identify the population, sampling frame and elements of the study.
(3 marks)
- b) Identify the sampling technique the team decides to use. Hence, state one advantage and one disadvantage of using this sampling technique.
(3 marks)
- c) Suggest another random sampling technique that could be used for the above study. Hence, give two reasons for your suggestion.
(3 marks)
- d) If instead, the team decide to use a non-random sampling technique; identify one technique best suit to the study. Hence, state two reasons for your choice.
(3 marks)
- e) Comment on the decision not to use face-to-face interviews or phone interviews.
(3 marks)
- f) The survey team is considering the use of either questionnaires sent by post (mail-survey) or online survey. What would your advice be and why?
(5 marks)

December 2014 , Deep Comprehension Keith K. Millis,Debra Long,Joseph Magliano,Katja Wiemer,2018-09-25 This volume provides an overview of research from the learning sciences into understanding enhancing and measuring deep comprehension from a psychological educational and psychometric perspective It describes the characteristics of deep comprehension what techniques may be used to improve it and how deep levels of comprehension may be distinguished from shallow ones It includes research on personal level variables how intelligent tutors promote comprehension and the latest developments in psychometrics The volume will be of interest to senior undergraduate and graduate students of cognitive psychology learning cognition and instruction and educational technology Traversing the Doctorate Tanya M.

Machin,Marc Clarà,Patrick Alan Danaher,2019-09-23 This book explores the multiple ways in which doctoral programs are traversed by students supervisors and administrators Rather than proposing a single homogeneous approach as the most effective form of doctoral education the editors and contributors focus on the diversity of global approaches to the doctorate including doctoral experiences from Australia Finland Chile New Zealand and Spain The doctorate emerges from this analysis as a highly complex heterogeneous and situated phenomenon that resists easy solutions Strategies that are successful in traversing the doctorate are found to be grounded in contexts that cannot necessarily be generalised to other situations in doing so the authors emphasise the importance of presenting a diverse array of experiences and stories The separate and shared perspectives of doctoral students supervisors and administrations are mapped and analysed in ways that

bring their voices compellingly to life this book will be of interest and value to students and scholars of the doctoral journey as well as of international and comparative education

When people should go to the books stores, search creation by shop, shelf by shelf, it is in reality problematic. This is why we offer the books compilations in this website. It will unconditionally ease you to look guide **Eureka Learning Past Year Question And Answers 2014** as you such as.
