Postmodern Picturebooks Lawrence R. Sipe, Sylvia Pantaleo, 2010-04-26 Over

the past 15 years there has been a pronounced trend toward a particular type of picturebook that many would label postmodern. Postmodern picturebooks have stretched our conventional notion of what constitutes a picturebook as well as what it means to be an engaged reader of these texts. The international researchers and scholars included in this compelling collection of work critically examine and discuss postmodern picturebooks and reflect upon their unique contributions to both the field of children's literature and to the development of new literacies for child, adolescent and adult readers.

**Manga's Cultural Crossroads** Jaqueline Berndt, Bettina Kümmerling-Meibauer, 2014-03-14 Focusing on the art and literary form of manga, this volume examines the intercultural exchanges that have shaped manga during the twentieth century and how manga's culturalization is related to its globalization. Through contributions from leading scholars in the fields of comics and Japanese culture, it describes manga culture in two ways: as a fundamentally hybrid culture comprised of both subcultures and transcultures, and as an aesthetic culture which has eluded modernist notions of art originality and authorship. The latter is demonstrated in a special focus on the best-selling manga franchise NARUTO.

The Common Core in Grades 4-6 Roger Sutton, Daryl Grabarek, 2014-04-18 The Classroom Go To Guide for the Common Core is the first in a series of comprehensive tools to tap into the vast flow of recently published books for children and teens, offering recommendations of exemplary titles for use in the classroom. Currency meets authority brought to you by the editors of the highly regarded review sources School Library Journal and The Horn Book Magazine. This guide includes approximately 200 selections published since 2007 for grades 4-6 recommended by The Horn Book Magazine. The titles are grouped by subject and complemented by School Library Journal's Focus On columns, which spotlight specific topics across the curriculum. Providing context for the guide and suggestions on how to use these resources within a standards framework is an introduction by Common Core experts Mary Ann Cappiello and Myra Zarnowski. These experts provide perspective on the key changes brought by the new standards, including suggestions on designing lessons and two sample plans. Following the introduction, you'll find a wealth of books by category. Each section includes a listing of the top titles with brief explicit annotations and key bibliographic data. Focus On articles are appended to appropriate categories to support in-depth curricular development. Each of these articles includes a topic overview and list of current and retrospective resources, including some fiction and multimedia that will enable educators to respond to Common Core State Standards' call to work across formats.

**Good Books Matter** Larry Swartz, Debbie Nyman, 2008 Based on extensive research on the features that make children's books appealing and appropriate, this valuable teacher resource offers guidance on selecting books, strategies for specific grade levels, suggestions for extension, and tips for assessment. This teacher-friendly book is organized around the major genres: traditional literature, picture books, nonfiction, poetry, and multicultural texts that will inspire young readers. Throughout the book, teachers will find suggestions for using literature to implement shared reading, reading aloud, and response strategies with emergent, developing, and independent

readers This comprehensive book is rooted in the belief that educators must consider and offer a wide range of choice to ensure that students read good books It argues that the choices children make about what they read should be governed by their interests and desire to learn not by a grade or reading level
