The Return of the King Michael K. Snearly,2015-11-19 The clear structure of psalm groups in Psalms 107 150 can be interpreted as signaling a renewed hope in the royal Davidic promises Each psalm group of Book V is organized around a theme or key word that is related to the royal Davidic hope in the earlier sections of the Psalter Psalms 107 118 Psalm 119 Psalms 120 137 Psalms 138 145 Psalms 146 150 These words and themes figure prominently at the major seam psalms of the Psalter Psalms 1 2 and 89 Thus the content and subject matter at the end of the Psalter is integrally related to the content and subject matter at the beginning The editorial critical method used by Snearly is an extension of the method used by David M Howard Jr in The Structure of Psalms 93 100 Snearly also draws from recent insights in the fields of poetics and text linguistics in order to establish a linguistically based foundation for reading the Psalter as a unified text The

methodology emphasizes parallel features with special focus on key word links This method advances editorial criticism by not only discerning links within a group but also showing that those links do not occur with the same frequency outside of the group
