La Machine infernale de Jean Cocteau (Analyse approfondie) Alice Renard, Profil-litteraire.fr, 2017-12-05 Cet ouvrage fournit une analyse approfondie de La Machine infernale de Jean Cocteau avec toutes les clés pour analyser l'œuvre. Retrouvez dans cette analyse approfondie de La Machine infernale de Jean Cocteau tout ce que vous devez savoir sur cette œuvre classique. Depuis le triomphe d'Oedipe sur le sphinx et son mariage avec la reine Jocaste, Thésée est frappé par la peste. Alors qu'Oedipe apprend la mort naturelle de son père Polybe, contrairement à ce que l'oracle de Delphes avait prédit qu'il tuerait son père et pouserait sa mère, il découvre galemment qu'il avait tout adopté par ce dernier. Peu à peu, Oedipe prend conscience que la machine infernale des dieux s'est dressée et dirigée sur lui. Que contient cette analyse d'œuvre ? Après avoir détaillé la biographie de Jean Cocteau, Alice Renard nous transporte directement au sein de l'histoire de La Machine infernale qu'elle résume fidèlement. Elle se penche ensuite sur le contexte qui a vu naître ce roman, entre deux guerres, une période contrastée, la fois marquée par les crises politiques, économiques et sociales, mais aussi par une agitation culturelle et intellectuelle, notamment à Paris. Ococteau est influencé par les avant-gardes. Les personnages de la pièce, tant Oedipe que Jocaste, Thésée ou le Sphinx, sont alors soumis à une analyse rigoureuse. Vient ensuite l'étude des thématiques principales de l'œuvre : la fatalité du destin, l'attrait pour le surnaturel, la vision pessimiste de la condition humaine, ou encore la psychanalyse. L'analyse du style de Jean Cocteau fait l'objet du chapitre suivant, tandis que l'étude de la réception de cette œuvre conclut l'analyse littéraire. The Poetic Idioms of Jean Cocteau's Art James Jackson,2024-09-23 Cocteau had an ambition many a poet has to become immortal But he perhaps more than most addressed this ambition directly in a great many of his plays poems and films This book puts the work of this elusive and compelling poet under the microscope examining how he channeled the concerns and anxieties of his age and beyond into his creations Putting aside anecdotes of his life and other biographical minutiae it turns to the creative achievements of the polymath some well known some less so to examine how he wrestles with the profound questions that concern human nature and enters into a conversation with his creative forebears on matters relating to love imagination suffering and consolation

Clipper, Christopher Ackerley, 2011-11-01 An item by item discussion of the innumerable often obscure details of Malcolm Lowry's novel this book comprises 1 600 notes covering some 7 000 specific points The notes are keyed to page numbers in the Penguin paperback and the two standard hardback editions The appendices include a glossary bibliography maps of the region and an index of motifs In their comprehensive but unpedantic commentary on the novel's complexities the authors' emphasis is on the narrative level All points of obscurity are followed by an interpretation of fact Thus references are noted to films books places foreign languages and national and tribal histories Special attention is given to the literary mystical and Mexican background

The Fictional Arts Eli Rozik, 2011 This book is a comprehensive introduction to the analysis of fictional worlds in a set of fifteen arts including theatre opera figurative ballet mime audio drama figurative drawing painting figurative sculpture strip cartoon animation puppet theatre still photography photo novel silent movie cinema and TV drama Due to their extreme differences the combination of different arts in the description of a single fictional world and the translation from one medium to another are considered problematic While such differences do not concern fictional creativity which applies the same poetic and rhetoric rules whatever the medium it is widely accepted that the problem lies in the extreme differences between the mediums of description In contrast this study explores their common grounds These arts are iconic in nature and if iconicity is re-defined in terms of imprinting images on matter and mediation of language and as reflecting the common roots of these mediums in a preverbal mode of imagistic thinking therein is an explanation of their possible combination and translation from one medium to another without impairing the receivers' reading interpreting and experiencing capacities Eli Rozik analyses numerous fictional worlds in all these arts produced during the last 2 500 years of artistic creativity especially in theatre art and cinema This book presupposes that principles underlying the generation of descriptions of fictional worlds by the theatre medium as proposed in two earlier works *Generating Theatre Meaning* and *Fictional Thinking* also apply to all the iconic fictional arts The text book format of the volume has been purposefully designed to address the needs of undergraduate and postgraduate students suiting the structure of university courses and providing all necessary information to access the images artistic works discussed in the volume via the web and Google This inter art journey from theatre theory to the arts is compelling reading for all those involved and engaged in artistic creativity

Theatre Sciences Eli Rozik, 2015-06-26 Traditional theatre semiotics promoted a scientific approach to theatre studies albeit viewing semiotics as the unique discipline of research Theatre Sciences A Plea for a Multidisciplinary Approach to Theatre Studies suggests instead a multi disciplinary approach including the following theoretical disciplines narratology mythology pragmatics ethics theatre irony theory of genres aesthetics semiotics theory of non verbal figures of speech rhetoric psychoanalysis reception theory history and sociology with semiotics being only one among equals These disciplines are presented from the perspective of their possible contributions to a sound methodology of theatre texts analysis Traditional theatre semiotics moreover holds the view that the actual performance on stage is the genuine text of theatre instead of the play script Despite this paradigmatic shift however this viewpoint has failed to produce commendable analyses of such texts The alternative presupposition put forward in this volume entails a series of novel perceptions of the theatre text and its possible impact on the experiencing spectator whose role in reading interpreting and experiencing the theatre text is not less crucial than that of the text itself This view presupposes that the theatre text is a description of a fictional world generated by the theatre medium The author also contests the age old view that a theatre fictional text reflects a simple narrative structure and suggests instead a complexity that consists of seven layers personified mythical praxical naive ironic modal and aesthetic with each one of them restructuring the previous layer Professor Rozik also presents and describes a semiotic layer that lends communicative capacity to the description of a fictional world and two additional metaphoric and rhetoric layers which structure the theatre experience The underlying purpose is to illustrate the application of the aforementioned disciplines to these fictional layers and eventually their joint application to entire theatre fictional texts Organisation of the book reflects the structure of a university course
