M Swan Practical English Usage Oup

Michael Swan

M Swan Practical English Usage Oup:

Practical English Usage Michael Swan, 2005 The world's most trusted guide to problems in English now in a new edition

Practical English Usage Michael Swan, 1995 Over 600 concise articles arranged in alphabetical order explain and illustrate points of grammar usage vocabulary idiom style and pronunciation For this new edition the book has been thoroughly revised and in places reorganized and rewritten

Practical English Usage Third Edition Michael Swan, 2020-05-07 The purpose of this book English like all languages is full of problems for the foreign learner Some of these points are easy to explain for instance the formation of questions the difference between since and for the meaning of after all Other problems are more tricky and cause difficulty even for advanced students and teachers How exactly is the present perfect used When do we use past tenses to be polite What are the differences between at on and in with expressions of place We can say a chair leg why not a cat leg When can we use the expression do so When is the used with superlatives Is unless the same as if not What are the differences between come and go between each and every between big large and great between fairly quite rather and pretty Is it correct to say There's three more bottles in the fridge How do you actually say 3 x 4 12 And so on and so on *Practical English Usage* is a guide to problems of this kind It deals with over 600 points which regularly cause difficulty to foreign students of English It will be useful for example to a learner who is not sure how to use a particular structure or who has made a mistake and wants to find out why it is wrong It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point There is very full coverage of grammar as well as explanations of a large number of common vocabulary problems There are also some entries designed to clarify more general questions e.g formality slang the nature of standard English and dialects which students and teachers may find themselves concerned with

Variation and change in the lexicon Mark Kaunisto, 2015-07-14 The present volume is a corpus based study of the occurrence variation and change in the use of English adjective pairs in ic and ical over several centuries The study involves the analysis of large multi million word corpora representing the English language at various stages It examines the nature of competition between the two affixes what kind of rivalry existed what kinds of words entered into competition and in what ways the rivalry was resolved The book presents close studies of six notably differentiated ic ical adjective pairs namely classic classical comic comical economic economical electric electrical historic historical and magic magical as well as commentaries on some 40 other ic ical pairs which manifest different types of shifts in use through history It also includes critical discussion of general perceptions on and approaches to the practical use of corpora stressing the importance of close and careful study of the materials under analysis It further emphasises the value of consulting a variety of sources alongside corpora including dictionaries and language usage manuals This volume is of interest to language scholars in many fields including corpus linguistics diachronic linguistics semantic change lexicology and word formation

Практична граматика англійської мови. Книга 2 Сітко А. В., I IV 6 020303

Oxford Guide to Plain English Martin Cutts, 2020-02-27 Plain

English is the art of writing clearly concisely and in a way that precisely communicates your message to your intended audience This book offers expert advice to help writers of all abilities improve their written English With 30 chapters each centred around a practical guideline its coverage is extensive including lessons on vocabulary punctuation grammar layout proofreading and organization There are also hundreds of real examples to show how it s done with handy before and after versions All this is presented in a straightforward and engaging way This new edition has been fully revised reorganized and updated to make its content even more accessible There are new chapters discussing customer service writing and common blunders in the workplace while other sections have been amended to update examples and provide easier routes through the book The chapter on sexism in particular has been heavily expanded to advise on the use of inclusive language in general A new appendix has also been added summarising the history of plain English from Chaucer to the present day About Language Scott Thornbury,1997-03-13 This book raises the issue of what a teacher needs to know about English in order to teach it effectively It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to discover its underlying system **Teaching Children English as an Additional Language** Caroline Scott,2008-08-28 Here is a typical classroom scenario out of the thirty children two thirds speak a different language at home and only speak English at school Even though many pupils English skills are almost non existent teachers are expected to provide the national curriculum for every child in the class Teaching Children English as an Additional Language solves this problem with a ten week teaching programme of units and lesson activities for children aged seven eleven Key Stage 2 new to English It will help these children learn some very basic English sentences questions and vocabulary to get them through regular day to day routines more easily By offering a flexible step by step approach this book helps EAL teachers to identify learners individual needs teach grammar and vocabulary support teaching through speaking and listening assess pupils to inform future planning The programme also contains emergency lessons to support learners in the first three days cross curricular links ways of using a home school learning book and an opportunity for the child to make a booklet about themselves It fosters the child s home language incorporates different learning styles as well as including a wealth of carefully tailored themed resources The programme is complete with activities resources and assessment materials and helpful tips on how to develop a successful EAL department *An Introduction to English Grammar* Gerald Nelson,Sidney Greenbaum,2013-11-04 An Introduction to English grammar provides a comprehensive overview of all aspects of English grammar and can be used in the classroom for self study or as a reference book The book is organised in two parts on grammar and its applications and provides everything a beginning student needs to get to grips with the theory and practice of English usage including sections on style punctuation and spelling This third edition has been fully revised and updated to include an expanded section on English in Use usage notes highlighting common errors updated exercises a glossary and a companion website with further graded exercises **Travelling Texts - Texts Travelling** Renate Bauer,Christine

Elsweiler,Ulrike Krischke,Kerstin Majewski,2023-11-08 This Gedenkschrift celebrates the memory of Professor Hans Sauer and his passion for travelling The contributions in this volume explore different kinds of textual and temporal travels from various linguistic literary and philological perspectives Applied Linguistics in Language Education Steven McDonough,2017-07-05 Applied Linguistics for Language Education covers those areas of applied language study that are most directly relevant to language teaching testing and teacher education It focuses on the fundamental questions raised for research by the practice of language teaching and research The reader is thus introduced to the current research climate through consideration of germane controversial issues If any conclusion about applied linguistic research in the last twenty years is possible it is that we cannot take anything for granted Steven McDonough opens with examples of language teaching teaching materials and learning a foreign language which teachers and language learners will recognise drawing out questions from these which are addressed throughout the rest of the text Arguments and data from research of all kinds are brought to bear on these and other background issues that are raised for example the nature and effects of classroom discourse the challenges and utility of linguistic theory and linguistic descriptions what knowing a second language means for proficiency and for processing nature and nurture in second language learning how people process language in classrooms and beyond the role of instruction and the roles of teachers and measuring achievement Complex issues are laid out in a clear and accessible style and many examples are used mainly but not exclusively from English and learning English as a second language However the principles apply to learning or teaching any language as a second or foreign language and Applied Linguistics for Language Education is the most concise overview of current linguistics presently available

Perspectives on Language Learning Materials Development Freda Mishan,Angela Chambers,2010 Language learning materials development remains a surprisingly under supported aspect of language teaching This book constitutes a much needed resource in the area aiming to support and advance the craft of materials design The volume offers a snapshot of the contemporary influences on language learning materials development from diverse perspectives around the globe These influences include the demands of teaching ESOL in Britain and Ireland the impact of Corpus Linguistics the needs of young learners and of diverse worldwide audiences the development of intercultural competence as well as the integration of L2 acquisition research Contributors to the volume are drawn from a broad range of teaching research and materials development backgrounds The book includes some chapters based on papers given at the MATSDA Materials Development Association 2008 conference **Spoken English: The Basics** Michael McCarthy,Steve Walsh,2025-09-30 Spoken English The Basics offers a clear non jargonistic introduction to what the study of spoken English entails ranging from its basic phonology and the grammar and vocabulary of speaking to the role of speaking in society The book describes and illustrates how spoken English is used in a globalised and technology led world using data from a range of contexts Key features of this book include An introduction to the basics of the study of phonology accents and dialects Discussions of the role of AI and its

educational and language teaching applications Examples from British English data but with reference to spoken data from other varieties of English including North American English Indian English Hong Kong English South African English Kenyan English Irish English Caribbean English second language learners and expert non native users Featuring a glossary of key terms this book will be of interest to students of several sub disciplines where spoken English is involved including corpus linguistics ESOL ELT sociolinguistics education and literacy lingua franca and World English among others where often a knowledge of the workings of spoken language is assumed

English Grammar Roger Berry, 2018-04-27 Routledge

English Language Introductions cover core areas of language study and are one stop resources for students Assuming no prior knowledge books in the series offer an accessible overview of the subject with activities study questions sample analyses commentaries and key readings all in the same volume The innovative and flexible two dimensional structure is built around four sections introduction development exploration and extension which offer self contained stages for study Each topic can also be read across these sections enabling the reader to build gradually on the knowledge gained English Grammar provides a wide ranging introduction to English grammar drawing on a variety of international authentic texts including newspapers novels and academic texts to help learners understand concepts and theories in more depth is written in clear concise prose in order to present basic concepts and key terms in an accessible way to learners with little or no background in grammar instruction emphasises the autonomy of the learner through activities and exercises which are suited to both native speakers and learners of English alike includes a selection of readings from key academics in the field including Michael Halliday Michael McCarthy Caroline Coffin and John Sinclair Drawing on the strengths of the original textbook this second edition features new readings from Christian Jones Daniel Waller and Thomas E Payne revised questions suggestions and issues to consider and a brand new companion website featuring interactive audio files of authentic spoken English links to further reading and new grammar tasks Written by an experienced teacher and researcher this accessible textbook is an essential resource for all students of English language and linguistics

A Linguistic Analysis of Diplomatic Discourse Germana D'Acquisto, 2017-03-07 This book explores the language used by the United Nations Resolutions on the Question of Palestine The corpus used in this analysis includes sixty six Security Council Resolutions 2965 words and forty General Assembly Resolutions 2529 words from 1948 to 2006 related to the most relevant events of the conflict In particular the study investigates the role of the English verbal system in relation to modality in the institutional language of the United Nations and the different pragmatic purposes of its normative text types taking into account the communicative interaction between the legal authority the United Nations and the addressees Member States and the International Community It discusses the use of prescriptive and performative verbs used to express different degrees of obligation in the United Nations documents

Features of Naturalness in Conversation Martin Warren, 2006-12-14 The study describes a detailed and original piece of research work investigating a very important genre of human communication

and that is conversation. It provides a definition of the genre of conversation by describing nine features of conversation: namely multiple sources, discourse coherence, language as doing, co-operation, unfolding, open-endedness, artifacts, inexplicitness, and shared responsibility. These nine features of naturalness in conversation serve to distinguish conversation from specialized discourse types. The study illustrates the nine defining features of conversation with authentic conversational data collected surreptitiously in England. While this study is of native speakers of English, the nine defining features of naturalness of English conversation are applicable to conversations conducted in other languages.

Grammar, Meaning, and Concepts Susan Strauss, Parastou Feiz, Xuehua Xiang, 2018-05-11

Grammar Meaning and Concepts A Discourse Based Approach to English Grammar is a book for language teachers and learners that focuses on the meanings of grammatical constructions within discourse rather than on language as structure governed by rigid rules. This text emphasizes the ways in which users of language construct meaning, express viewpoints, and depict imagery using the conceptual meaning-filled categories that underlie all of grammar. Written by a team of authors with years of experience teaching grammar to future teachers of English, this book puts grammar in the context of real language and illustrates grammar in use through an abundance of authentic data examples. Each chapter also provides a variety of activities that focus on grammar, genre, discourse, and meaning, which can be used as they are or can be adapted for classroom practice. The activities are also designed to raise awareness about discourse, grammar, and meaning in all facets of everyday life and can be used as springboards for upper high school, undergraduate, and graduate level research projects and inquiry-based grammatical analysis. **Grammar Meaning and Concepts** is an ideal textbook for those in the areas of teacher education, discourse analysis, applied linguistics, second language teaching, ESL, EFL, and communications who are looking to teach and learn grammar from a dynamic perspective.

Teaching Adult ESOL Anne Paton, Meryl Wilkins, 2009-11-16

Are you teaching or training to teach English to adult speakers of other languages? Yes. Then this is the essential book for you. This is one of the few books to effectively blend together research theory and practical pedagogy and link this directly with the context of teaching English to adults. There are reflective tasks throughout which encourage you to develop and apply your theoretical knowledge to your own experiences. The editors and contributing authors, all experienced practitioners and researchers, share their experience of meeting the diverse needs of learners in the ESOL setting. Learners come from a wide range of cultural, educational, and linguistic backgrounds and choose to learn English for a variety of reasons. These factors have important implications for the way the teaching is undertaken. The authors draw on their wealth of experience with adult learners to offer practical strategies for the classroom. Key topics include Planning, learning and assessment, Accuracy and fluency, Learning contexts, Language analysis, language use, and language acquisition. This is essential reading for students on adult ESOL subject specialist certificate courses or integrated Cert Ed/PGCE ESOL courses. It is also of interest to people teaching English outside the UK.

M Swan Practical English Usage Oup Introduction

In today's digital age, the availability of M Swan Practical English Usage Oup books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of M Swan Practical English Usage Oup books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of M Swan Practical English Usage Oup books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing M Swan Practical English Usage Oup versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, M Swan Practical English Usage Oup books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing M Swan Practical English Usage Oup books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for M Swan Practical English Usage Oup books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, M Swan Practical English Usage Oup books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of M Swan Practical English Usage Oup books and manuals for download and embark on your journey of knowledge?
