The Development of the Mechanics' Institute Movement in Britain and Beyond Martyn Walker, 2016-08-12 The Development of the Mechanics Institute Movement in Britain and Beyond questions the prevailing view that mechanics institutes made little contribution to adult working class education from their foundation in the 1820s to 1890 The book traces the historical development of several mechanics institutes across Britain and reveals that many institutes supported both male and female working class membership before state intervention at the end of the nineteenth century resulted in the development of further education for all This book presents evidence to suggest that the movement remained active and continued to expand until the end of the nineteenth century Drawing on historical accounts Walker describes the developments which shaped the movement and emphasises the institutes provision for scientific and technical education He also considers the impact that the British movement had on the overseas development of mechanics institutes particularly in Canada America Australia and New Zealand The book concludes with a discussion of the legacy of the movement and its contribution to twentieth century adult education The Development of the Mechanics Institute Movement advances the argument that the movement made a substantial contribution to adult education for the working classes and provided a firm foundation for further education in Britain and beyond It will appeal to academics researchers and postgraduate students in the areas of education history and sociology as well as the philosophy of education technical and vocational education and post compulsory education **273**

O Woman, Great is Your Faith! Douglas Sean O'Donnell, 2021-08-26 The concept of faith holds a central position in New Testament and early Christian thought yet this concept has not received the careful attention it deserves in the Synoptic Gospels The present study offers a comprehensive analysis of faith as a key motif in the Gospel of Matthew where it plays a major role in communicating this Gospel's vision for how readers should respond to the person and message of Jesus The argument propounded is that Matthew's unique narrative portrayal of the Canaanite woman's faith 15 21 28 is used for pedagogical purposes namely that by comparing and contrasting her great faith with those characters expressing no faith and little faith Matthew uses Jesus's quantitative terms to teach on the nature of true faith She embodies Matthew's theological vision of faith Even though she is a gentile outsider enemy she comprehends the universal scope and abundant blessings of Jesus's mission Moreover she acknowledges Jesus's messianic identity correctly perceiving him to be both David's royal heir and David's Lord Finally based on who she perceives Jesus to be and the purpose of his mission she demonstrates faith as trust manifested in action
