

KODAK DC3800 Digital Camera

Congratulations on your purchase of a new KODAK DC3800 Digital Camera—the camera that takes pictures without the use of film. With your new camera, taking pictures and making prints is fun and easy. Here are just a few examples of what you can do with your camera.

- Capture full detail with 2.1 Megapixel resolution.
- Use your KODAK USB Picture Card Reader to transfer pictures from your memory card to your computer. Since the camera does not connect directly to your computer, with additional memory cards, someone else can be using the camera while you work with the pictures.
- E-mail your pictures in minutes to friends, family, and business associates anywhere in the world.
- Print high-quality pictures at home using KODAK Inkjet Photo Paper, or take your KODAK Picture Card to a KODAK Picture Maker System and create photo-quality enlargements with the touch of a button. If you have a card slot in your printer, you can print directly from your memory card.
- Display your pictures to a large audience on a television or video monitor. (NTSC only)
