Wonders in the Sky Jacques Vallee, Chris Aubeck, 2010-10-28 One of the most ambitious works of paranormal investigation of our time here is an unprecedented compendium of pre twentieth century UFO accounts written with rigor and color by two of today's leading investigators of unexplained phenomena. In the past century individuals, newspapers, and military agencies have recorded thousands of UFO incidents giving rise to much speculation about flying saucers, visitors from other planets, and alien abductions. Yet the extraterrestrial phenomenon did not begin in the present era. Far from it. The authors of *Wonders in the Sky* reveal a thread of vividly rendered and sometimes strikingly similar reports of mysterious aerial phenomena from antiquity through the modern age. These accounts often share definite physical features such as the heat felt and described by witnesses that have not changed much over the centuries. Indeed, such similarities between ancient and modern sightings are the rule rather than the exception. In *Wonders in the Sky*, respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical age antiquity through the year 1879, the point at which the Industrial Revolution deeply changed the nature of human society and the skies began to open to airplanes, dirigibles, rockets, and other opportunities for misinterpretation represented by military prototypes. Using vivid and engaging case studies and more than seventy-five illustrations, they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history, on our religion, and on the models of the world humanity has formed from deepest antiquity. Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena, *Wonders in the Sky* is the most ambitious, broad-reaching, and intelligent analysis ever written on premodern aerial mysteries.

Questions and answers Carl Hinton, 2013-01-26 The author of this book has been travelling to Tanzania as a missionary since 1991. During that period he has been asked many Bible-based and faith-centred questions, some of which are repeatedly asked. It is thought that the answers to these repeated questions may be usefully contained in a pocket-sized booklet for others to keep with them at all times so that they might give a ready answer to those that ask. For this reason, this booklet has been written as a compilation.

of answers to those often asked questions This is not another attempt to answer all the questions of religious leaders for that see Wrested Scriptures by Ron Abel This small booklet is aimed at answering the questions of the common man The materials found here are intended for the Ecclesias of Tanzania however the principles are universal and therefore are transferrable to any culture

When it comes to extraterrestrials UFOs crop circles and ancient astronaut literature most intelligent readers are repulsed by New Age hype turned off by Erik Van Daniken flustered by blatant pseudo science and deeply chagrined at how even the History Channel got dragged into the tabloid and sensational Yet many intelligent open minded readers harbor secret interests in the Great Pyramid and how it was built in mythic tales of sky gods coming and going from Ezekiel to the Rig Veda They are awed by the intricate fractals in crop circles and they more than take notice when a NASA astronaut says he was trailed in space by UFOs That questioning readership however swims in a vast sea of agnosticism curious but not convinced And there just aren't any books for them None they can trust None that reaches them None that transcends tabloid fantasies to authentically treat issues with enough dispassion and scholarly erudition not to insult their intelligence Here Dr Kroth gives the run down on a wide range of evidence and ponders how reliable any of it may be Readers are left with all the elements to form their own equation

folkloric research project on Sefer ha ma asim In the thirteenth century an anonymous scribe compiled sixty nine tales that became Sefer ha ma asim the earliest compilation of Hebrew tales known to us in Western Europe The author writes that the stories encompass descriptions of herbs that cure leprosy a fairy princess with golden tresses using magic charms to heal her lover s wounds and restore him to life a fire breathing dragon a two headed creature and a giant s daughter for whom the rind of a watermelon containing twelve spies is no more than a speck of dust In Tales in Context Sefer ha ma asim in Medieval Northern France Rella Kushelevsky enlightens the stories meanings and reflects the circumstances and environment for Jewish lives in medieval France Although a selection of tales was previously published this is the first publication of a Hebrew English annotated edition in its entirety revealing fresh insight The first part of Kushelevsky s work Cultural Literary and Comparative Perspectives presents the thesis that Sefer ha ma asim is a product of its time and place and should therefore be studied within its literary and cultural surroundings Jewish and vernacular in northern France An investigation of the scribe s techniques in reworking his Jewish and non Jewish sources into a medieval discourse supports this claim The second part of the manuscript consists of the tales themselves in Hebrew and English translation including brief comparative comments or citations The third part An Analytical and Comparative Overview offers an analysis of each tale as an individual unit contextualized within its medieval framework and against the background of its parallels Elisheva Baumgarten s epilogue adds social and historical background to Sefer ha ma asim and discusses new ways in which it and other story compilations may be used by historians for an inquiry into the everyday life of medieval Jews The tales in Sefer ha ma asim will be of special value to scholars of folklore and medieval European history and literature as well as those looking to enrich their studies and shelves

From Adam to Omega A.R. Roberts, 2020-09-24 Due to government secrecy the public never learned of the numerous UFO incursions at strategic nuclear weapons installations where they disabled ICBM missiles and even activated their launch codes They never heard about UFO encounters reported by police officers civilian and military pilots and astronauts and they were never told the real facts of the Roswell event The volume of evidence suggesting we are not alone and probably never have been is overwhelming It suggests an alien agenda to accelerate the evolution of the human race To understand what is happening requires knowledge of what is going on today as well as the past particularly during the biblical era Much has been learned through the Freedom of Information Act from whistleblowers and government and military officials This book connects the dots suggesting what aliens have been doing for the past several thousand years

The Portable Folio Family Bible Walter M'Gilvray, 1851

A New Chronology for Old Testament Times Jan Van Tuyl, 2012 This book brings solutions to a very great list of hitherto unsolved chronological and synchronisation problems The reason why those solutions could be found lies in the extensive research the author made in old and often rare texts instead of limiting himself to the near exclusive source of the Bible Ample use has been made of information that is available in works like the Books of Enoch The Apocrypha The Legends of the Jews The Seder Olam the

Book of Jasher and many more as well as in the texts from known historians like Herodotus and the famous Jewish historian and priest Flavius Josephus Just a few of the many special findings are The real reason why Joseph was so popular with the Pharaoh Sarah was not Abraham's half sister Moses was uncircumcised and even forbade the ritual for 40 years Terah was not 70 years old when he begat Abraham The exact period of the Judges when they started and when they ended A solution for the verse of the about 450 years of Paul's speech Why did the Lord God give form and then blew life into Adam Eve was not made out of Adam's rib but from another body part A solution to the impossible synchronism of Judah and his sons Enoch made not one but 4 trips to Heaven The definitive answer why did King Josiah attack Necho II Why did King Ahab not fight at Qarqar And many more The book has a unique style It has nothing of the study book difficult to understand texts The subject is serious well researched and treated with respect But that does not mean that it cannot be presented at a fast moving pace in easy to read style with here and there even a bit of humour The purpose of the book is to prove that the promise that the Lord God made to Adam was kept It held that there would be exactly 5500 years between the arrival of Adam in this world and the arrival of Christ Every person who was of importance in that timespan has been visited For every single one there are his years of birth and death or the years of his rule Every person has a short story about some important part of his life his actions or the influence he had on the history of the Hebrew people that lived in that period
