

# FINANCE TERMINOLOGY

**ACCOUNTS PAYABLE** - Money owed by an organization to its suppliers and/or vendors for goods or services purchased.

**ACCOUNTS RECEIVABLE** - Money owed to an organization for goods and services it has sold or that has been committed to it as a grant or donation. Also called grants receivable.

**ACCRUED EXPENSES OR LIABILITIES** - Items incurred during an accounting period for which payment is postponed. Examples include accrued salaries, accrued sales tax payable, and accrued rent payable.

**ACCUMULATED DEPRECIATION** - The total amount the value of fixed assets has decreased to date due to general wear and tear or obsolescence.

**AIA DOCUMENT G702** - A form created by the American Institute of Architects to document the costs of work completed as of a certain date and the cost of work yet to be completed under a construction contract. Often used to track amounts that can be advanced by a lender to a borrower under a construction loan and helpful to ensure that there are sufficient funds remaining to complete and pay for the contract.

**AMORTIZATION** - Repayment of loan principal and interest. A loan can be amortized in several ways, including: (a) in equal installments of principal and interest, often called "mortgage amortization," where the interest component of the payment reduces as the principal is paid down; (b) in regular payments of varying amounts, often called "commercial amortization," which result from paying off a constant principal each installment plus interest on the amount of principal owed; and (c) in very irregular principal payments plus interest, often incorporating a larger final payment. Any time the loan maturity is shorter than the amortization term, a balloon balance will result. See balloon.

**APPRAISAL** - A formal report usually created by a certified real estate appraiser evaluating a real estate property in order to determine its value. One or more of three valuation methods are used: cost, replacement value, and market value. Appraisals can be 'as is' or 'as improved' which includes the value created by future capital expenditures.

**ASSETS** - An item of current or future economic benefit to an organization. Examples include: cash, short-term investments, accounts receivable, grants receivable, inventories, prepaid expenses, buildings, furniture, equipment, vehicles, and long-term investments.

**ASSUMED NAME** - An alternate name under which an individual or a legal entity may conduct business. Also known as a dba or doing business as name. In a loan transaction, it is critical to know the correct legal name of an entity and document it accordingly and accurately. See certificate of incorporation.

**AUDIT** - A financial statement as of a certain date, usually covering a twelve-month period, prepared by a Certified Public Accountant (CPA), that includes an opinion letter, a statement of financial position (balance sheet), a statement of activities

(income statement), a statement of cash flows, and notes. An auditor can have an unqualified opinion, stating that the organization appears to have followed all accounting rules appropriately and that the financial reports are reasonably accurate representation of the company's financial condition, or a qualified opinion, highlighting certain compliance issues or limitations in the company's statements. See review and compilation.

**AUTHORIZATION OF BORROWING** - A resolution passed by a board of directors or trustees acknowledging and approving the incurrence of debt. Also known as a borrowing resolution. See officer's certificate.

**BALANCE SHEET** - Statement showing an organization's financial position (assets, liabilities and net assets) at the close of business on a particular date. Also known as statement of financial position. (This statement changes daily.)

**BALLOON** - Final payment of a loan which is larger than the previous payments, arising when the amortization is longer than the maturity of the underlying note. See amortization.

**BASIS POINTS** - A fraction of a percentage point, equal to one one-hundredth of a percent. Used to describe interest rates; i.e., 50 basis points is the same as .5%. See points.

**BOARD-DESIGNATED NET ASSETS/RESERVES** - Unrestricted net assets that have a defined use or purpose, as determined by an organization's board of directors.

**BORROWING BASE** - A mechanism for monitoring that funds advanced under a line of credit bear some proportionality to either the asset being financed or the source of repayment. Usually defined as a percentage less than 100% of the available collateral, for instance, 80% of eligible accounts receivable. In order to fully secure a \$100,000 line of credit using an 80% advance ratio, the borrower must have \$125,000 in eligible accounts receivable at the time the loan is advanced. Typical advance ratios range from 50 to 80%. A borrowing base may be used as a control mechanism even if the loan is not secured by a lien on the receivables. See line of credit.

**BRIDGE LOAN** - Loan made on a short-term basis in anticipation of being paid out by permanent or long-term funding. Also refers to loans made against contract receivables or capital campaign pledges, expected to be repaid as those receivables or pledges are collected.

**BUILDING CODE** - Regulations, ordinances or statutory requirements of a governmental unit relating to building construction and occupancy.

**BUILDING PERMIT** - Permission granted by a local government to build or renovate a specific structure at a particular site. More than one permit may be required, depending on the situation.

**BUILDING RESERVE** - A capital improvement reserve fund. Money set aside to pay for facility upkeep, where the amounts can be large, the ultimate need a certainty, but where the exact timing is uncertain.

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Finance Terminology Speedy Study Guide full book , it can give you a taste of the authors writing

style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Finance Terminology Speedy Study Guide eBooks, including some popular titles.

### FAQs About Finance Terminology Speedy Study Guide Books

**What is a Finance Terminology Speedy Study Guide PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Finance Terminology Speedy Study Guide PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Finance Terminology Speedy Study Guide PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Finance Terminology Speedy Study Guide PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Finance Terminology Speedy Study Guide PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
