Parts Manual

When ordering various parts, specify the correct part number. All descriptions, quantities required, the unit model number and serial number. For your safety and continued proper operation, use only genuine **GENCO** service parts.

The model and vessel involved for this test case are as are presented in a model in the front of the site.

*Right and Left are determined from a position looking up the chimney's rear and facing forward.

64392. Company reserves the right to make changes or improvements to the design or construction of any part of the unit without incurring the obligation to notify such changes or any warranty statement later.

Refer to the abbreviations table located on this page for special parts descriptions. Detailed structural drawings and torque values are also provided near the back of this manual. Metric torque values shown in the illustrations are in the foreground and are converted to inch-pounds by multiplying by 0.706.

Specific reference numbers, indicating a complete assembly, are indicated on some drawings. A casting part is not a casting drawing, because a cast part (e.g., a cup) is not the required new part (i.e., without reference) nor, like the reference drawing,
