Penn,2004-12-01 The noted Nez Perce fiction writer and critic W S Penn turns his wry and penetrating gaze on the state of modern Native life and literature and considers how modern scholarship has affected the ways Natives and others see themselves and their world The result is a uniquely frank witty and unsettling critique of contemporary theory and its ability to come to terms with the real lives and literatures of Natives in North America Key to this critique is the troubling issue of what properly constitutes a traditional Indian identity and an Indian literature within Native communities and in the academy In confronting this issue Penn exposes some of the sillier uses of the serious language of diversity as well as the impact of identity politics on Native professors And yet Penn argues the storytelling traditions so central to Native communities remain very much alive today hidden in the corners of the literary canon
