Scott, 2007-09-04 Scott's brilliantly perceptive account of the underpinnings of American governmental authority should be made required reading The book vividly depicts the political forces that have pushed this country toward an abyss threatening constitutional democracy at home and world peace abroad Its central message can be understood as an urgent wake-up call to everyone concerned with the future of America Richard Falk, author of *The Great Terror War* Peter Dale Scott is one of that tiny and select company of the most brilliantly creative and provocative political/historical writers of the last half century *The Road to 9/11* further secures his distinction as truth teller and prophet He shows us here with painful yet hopeful clarity the central issue of our time: America's coming to terms with its behavior in the modern world As in his past
