The Case of the Colour-Blind Racist Daniel McCoy, 2016-08-30. Kind of like a reverse Poirot or the bits of Sherlock Holmes where he's fresh out of an opium den and suddenly has a lot to say about the Orient. A foreign detective in Paris has to negotiate the delicate situations of art heists and secret organisations using the blunt tools of racial profiling and blind stabs in the dark.

You Who Know Nicolas Freeling, 2023-12-05. An acknowledged master writes with heart and unfailing intelligence in this meditative Inspector Castang mystery about sexual obsession and love. Publishers Weekly: When Inspector Henri Castang is asked to investigate the death of a colleague and friend, an Irishman whose erratic behavior raises questions about his involvement in the IRA, Castang travels through Europe in search of answers. What the detective discovers is a very different picture of the friend he once knew: a sordid tale of sexual obsession that plunges Castang into the world of organized crime on the trail of a mystery that calls into question the very nature of the human heart. Praise for Nicolas Freeling: In depth of characterization, command of language, and breadth of thought, Mr. Freeling has few peers when it comes to the international policier. The New York Times: Nicolas Freeling liberated the detective story from page-turning puzzler into a critique of society and an investigation of character. The Daily Telegraph: Freeling rewards with his oblique, subtly comic style. Publishers Weekly: Freeling writes like no one. He is one of the most literate and idiosyncratic of crime writers. Los Angeles Times.

Voltaire Ian Davidson, 2012-03-12. The definitive biography of Voltaire's life, from his scandalous love affairs and political maneuverings to his inspired philosophy. We think of Voltaire as the archetypal figure of the enlightenment; in his own time, he was also the most famous and controversial figure in Europe. This dazzling new biography celebrates his extraordinary life. Davidson tells the whole rich story of Voltaire's life: 1694-1778, his early imprisonment in the Bastille, exile in England, and his mastery of English, an obsession with money of which he made a huge amount, a scandalous love life, a long exile on the borders of Switzerland, his human rights campaigns, and his

triumphant return to Paris to die there as celebrity extraordinaire Throughout all of this Voltaire s life was always informed by two things a belief in the essential value of toleration in the face of fanaticism and in the right of every man to think and say what he liked It is rare to have such a vivid portrait of a great man **Thinking Across Cultures** Donald M.

Topping,Doris C. Crowell,Victor N. Kobayashi,2013-09-05 This volume compares and contrasts contemporary theories of cognition modes of perception and learning from cross cultural perspectives The participants were asked to consider and assess the question of whether people from different cultures think differently Moreover they were asked to consider whether the same approaches to teaching and development of thinking will work in all cultures as well as they do in Western literate societies How Choctaws Invented Civilization and why Choctaws Will Conquer the World D. L. Birchfield,2007 Will poisoned Indians conquer the United States in the twenty first century Is there anything that can be done to stop them Can the United States s oldest and most loyal Indian military ally the Choctaws stop them Or do Choctaws pose the most difficult problem of all In this provocative and incendiary book D L Birchfield bluntly points out what few are willing to say America s population superiority is now meaningless its population density is a crippling liability and the United States has a dangerous Indian problem If you don t know about the American betrayal of the Choctaws or whether Choctaws are still loyal to the United States or why the third largest Indian nation in North America is virtually unknown to Americans sit back and hold on as Birchfield pulls back the curtain to reveal a startling future with an irreverence and disdain for convention that is anything but subtle
