Writing Prompts

Read the topic in the box below and write a well-organized, multiparagraph composition of about 150 to 200 words. Be sure to follow the suggestions listed under the box.

The Reach Out Club has invited students to participate in a writing contest. The club sponsors have asked students to write compositions explaining the qualities they look for in a friend.

Before you begin to write, think about what makes a person a good friend. What are the qualities a person should have in order to be a good friend?

Now write a multiparagraph composition for the club sponsors explaining the qualities you look for in a friend.

- Remember your audience is the club sponsors; use appropriate language.
- Include specific details and enough information on your essay with underlined words

7th Grade Ohio OAA Test Prep, Syudy Guide Mark Shannon, 2018-01-18 This test prep is good for kids who are on the fence and having trouble passing or need to increase their margin These kids will often say I DON'T KNOW WHERE TO START when explaining their confusion This book address that problem with three approaches 1 In contrast with the other study guides that use random questions in their practice exams this book collated the questions into chapters based on the logic to solve them The 7th grade book is divided into nine chapters They are Logic Arithmetic Geometry Fractions Reading Graphs and tables Measurements including a ruler basic statistics order of operations and Algebra This book teaches basics then goes into practice exams with word problems Once the student is proficient with the questions organized into chapters then they are ready for random questions 2 This study guide has thousands of practice problems I have placed over 3100 videos on YouTube showing you how to work the problems 3 I reviewed several years of past exams and placed enfases on the easiest and most common questions Mastering these questions should yield a 75% to 80% If a student is already achieving this percentage the other guides or web site with random questions and covering all material might be best A book might be better for your student than the web sites for two reasons 1 The more common and easiest questions are using a ruler to measure The web designers don't know the size of your computer screen and can't determine if the student has measured correctly We can get a high percentage of these problems easily 2 When studying on a computer there are too many websites with the answers With a book parents can have greater assurance the work is being done This book is developed by a trained professional out of concern It is not the product of a large publishing house It is the results of one person who wants to help Best Regards Mark Shannon **Mississippi Academic Assessment Program Test Prep** Lumos Learning, 2018-07-10
