

KEY IDEA: HIRSCHI'S SOCIAL BOND/SOCIAL CONTROL THEORY

KEY WORK

Hirschi, T. (1969). *Causes of delinquency*. Berkeley: University of California Press.

Travis Hirschi's social bond/social control theory has remained a major paradigm in criminology since its introduction in 1969. To be sure, few theories have generated as much empirical attention, or have sparked as much debate within the field, as Hirschi's theory. It has been tested by scholars extensively (Akers & Sellers, 2008) and has been the source of heated disagreements among scholars on both theoretical and empirical grounds (Lilly, Cullen, & Ball, 2007). Hirschi himself has remained a leading figure in the discipline for over four decades now and continues to be among the most cited criminologists year after year (Wright, 2002). Indeed, few scholars can claim to have been this relevant to the field for this long. This was no accident—there's a reason why his ideas have “caught on” where other ideas (even those that seem to be eerily similar) have been ignored, and such is the focus of this chapter.

Key Ideas Social Bond Theory

CH Cherryholmes

Key Ideas Social Bond Theory:

Thank you definitely much for downloading **Key Ideas Social Bond Theory**. Maybe you have knowledge that, people have look numerous times for their favorite books behind this Key Ideas Social Bond Theory, but stop going on in harmful downloads.
