Katzenbach, James Thomas, Gretchen Anderson, 2019-01-16 In a global survey by the Katzenbach Center 80 percent of respondents believed that their organization must evolve to succeed But a full quarter of them reported that a change effort at their organization had resulted in no visible results Why The fate of any change effort depends on whether and how leaders engage their culture the self sustaining patterns of behaving feeling thinking and believing that determine how things are done in an organization Culture is implicit rather than explicit emotional rather than rational that's what makes it so hard to work with but that's also what makes it so powerful For the first time this book lays out the Katzenbach Center's proven methodology for identifying your culture's four most critical elements traits characteristics that are at the heart of people's emotional connection to what they do keystone behaviors actions that would lead your company to succeed if they were replicated at a greater scale authentic informal leaders people who have a high degree of emotional intuition or social connectedness and metrics integrated thoughtful measures to track progress encourage the self reinforcing cycle of lasting change and link to business performance By leveraging these critical few elements you can tap into a source of catalytic change within your organization People will make an emotional not just a rational commitment to new initiatives You will elicit enthusiasm and creativity and build the kind of powerful company that people recognize for its innate value and effectiveness      Keystone Peter Lovesey, 2025-06-17 In this witty standalone masterpiece set during the golden age of silent cinema a British vaudeville performer turned movie cop finds himself in a real life crime story It's 1916 and Warwick Easton's traveling show has landed him in California Out of money and about to return to England Easton gets lucky when silent movie star and King of Comedy Mack Sennett offers him a job performing slapstick comedy stunts as a Keystone Cop At Keystone Film Studios he runs into silent era comedy legends including Mabel Normand and Roscoe Fatty Arbuckle but the laughs turn sour as things quickly start to go awry Known in his new role only as Keystone Easton finds the line between cop and comedian starts to blur especially when a series of tragedies strikes the studio The gory death of a stunt actor on a roller coaster seems like an accident but then a bludgeoned body is discovered in a bungalow and Amber Honeybee the
